Aviation Week & Space Technology January—June 1980 Editorial Index

ADVANCED BALLISTIC REENTRY SYSTEMS

Advanced reentry vehicle tested 2/11,p43
Expanded role seen 6/16,p172

ADVANCED INERTIAL REFERENCE SPHERE

Tests scheduled for MX system 4/7,p67
Northrop building AIRS 4/21,p159

AEROSPACE INDUSTRY

U.S.
Defense stock prices spurt 1/14,p21
Increase in deliveries forecast 1/28,p64
Boeing warns production rate could drop off by end of 1981 2/11,p22
Industry hiring decreasing 2/25,p55
Industry challenged by shortages, inflation 3/3,p10
Piper, Cessna suspend production, cut forces 4/7,p22
Northrop sees level 1980 sales 4/21,p143
Texas Instruments plans expansion 4/28,p16
UTC posts records 4/28,p18
Boeing slows production 5/12,p26
McDonnell Douglas earnings 5/12,p25

Lockheed budgets $500 million for independent R&D activities 5/19,p22
Solution sought for production lag 6/2,p50
Center collects productivity data 6/2,p51

Australia
Australia sets major boost 3/3,p237
Australia seeks self-reliance 3/17,p44

China
Chinese industry strives for project integration 6/9,p18

Europe
Nonaligned nations playing growing role 3/3,p58

France
French exports increase 3/3,p240

Germany
Schmidt pledges spending rise 3/10,p19
Germans increase budget 5/12,p19
Productivity trend reversed 6/2,p50

Great Britain
Rolls-Royce negotiating financing agreement 1/7,p20
British pass aerospace bill 2/18,p22
British urge revised system 3/3,p180
British defense budget increased 4/7,p19
British plan expansion of air defense 4/7,p48
Nationalization payment 5/12,p16

Greece
Firm seeking maintenance work 1/7,p39
Athens traffic forecasts spur redesign 1/28,p33

Japan
Japanese approve budget 1/7,p21
Public attitude shift spurs major military improvement 1/14,p36
Soviet moves spark defense support 1/21,p74
Japan seeks broad military technology base 1/28,p45
U.S. to explore Japan's need 1/28,p50
Kawasaki pushes civil, military efforts 2/4,p41
Engine development, production draw growing focus in Japan 2/4,p53
Importance of U.S. presence increases 2/11,p83
Joint exercises with U.S. hone Japanese skills 2/11,p90
Chitose-based squadrons maintain constant alert 2/11,p95
Marine squadrons at Iwakuni support Okinawa, South Korea 2/11,p97
Japan resists U.S. push to boost defense funds 3/3,p61
Japanese developing modernization plan 5/12,p21
Japanese defense plan future uncertain 5/26,p23

AIR CARGO AND AIR MAIL

Freight gains slight 2/11,p28
Alitalia expects increase 3/17,p37
U.S./U.K. cargo restriction to ease 3/31,p34
Helicopters share oversize load 3/31,p79
Federal Express chose DC-10 4/7,p28
Postal service dominates package business 4/7,p29
Stock of Federal Express reflects strong financial position 4/14,p32
International freight sustains growth 4/21,p32
TAC HeavyLift specializes in outsize cargo 4/21,p105
Tiger strengthening transport role 6/2,p32
American Airlines trims cargo capacity 6/23,p29

AIR CUSHION VEHICLES, HOVERCRAFT, HYDROFOIL

Canadian group plans Jetfoil service 4/14,p34

AIR DEFENSE SYSTEMS

LoAD to be demonstrated 6/16,p220

AIR SHOWS

Farnborough
Show displays up 25% 1/7,p21
Commerce Dept. cancels plan 3/17,p25

Greece
Show drew 72 exhibitors 1/7,p42

HAA
Helicopter show produced record sales 3/10,p59

Hanover Air Show
Hanover showcase set to open 4/21,p50
Aerospace advances displayed 4/28,p14
Bonn warns of rising ECA cost 5/5,p16
Funds pledged to continue show 5/5,p18
Attendance down at Hanover 5/12,p18

Peking
Chinese fair set 3/3,p220

Reading
Pace of industry reflected 6/23,p60

AIR TRAFFIC CONTROL

Patco, FAA debate safety 1/7,p27
Controllers subpoenaed 2/11,p23
ATC units advancing 3/3,p201
Voice data systems progress 3/3,p205
Proposal limits growth 4/14,p16
Mobile tower developed 4/21,p147
Controller numbers keyed to advances 4/28,p61
Appeal planned by controller fired in Miami incident 5/12,p33
FAA expands flow control use 5/19,p25
Dutch firm selected for British radars 5/26,p83
Officials agree on approach 6/16,p41
FAA files new charges against Patco 6/23,p34
Congressman tells Bond to end outages or quit 6/30,p34
Cause sought in shutdown 6/30,p34

AIRCRAFT CARRIERS, SHIPS, SUBMARINES

Chinese patrol boat fires Styx missile 2/11,p46
New Soviet battle cruiser nears service 2/18,p21
MADGE certification expected 2/25,p59
Improved radar to track Soviet reentry vehicles 3/10,p56
Additions to Navy fleet urged 4/14,p22
Ames to begin V/STOL model tests 4/21,p65
Armored launcher for mix of missiles evaluated by Navy 4/21,p159
Chinese visit U.S. aircraft carrier 6/9,p17
Surface effect ships gain in offshore oil operations 6/9,p38
Navy forms sealift force 6/16,p32
Survivability key to Trident program 6/16,p101
Telemetry data vital to Trident 6/16,p102
USS Woodrow Wilson cruises off South Carolina 6/16,p103
USS Casimir Pulaski submarine shown 6/16,p104
Trident under construction 6/16,p105
Navy shifts Trident focus 6/16,p111
USS Ohio to begin sea trials 6/16,p111
Navy seeks communications link to Trident missile force 6/16,p113
Submarine cruise missile plan mulled 6/16,p119
Soviet nuclear powered carrier 6/30,p14

AIRCRAFT CERTIFICATION

Certification panel starts work 1/28,p25
FAA assigns responsibility 6/16,p47
Unit urges FAA changes 6/30,p20

AIRCRAFT INTERIORS

Heath Tecna awarded 727 conversion contract 1/28,p31

AIRCRAFT-SUPERSONIC AND HYPERSONIC

SST research funding increased 4/7,p25

Aviation Week & Space Technology January—June 1980 Editorial Index

ADVANCED BALLISTIC REENTRY SYSTEMS

Advanced reentry vehicle tested 2/11,p43
Expanded role seen 6/16,p172

AIRCRAFT CERTIFICATION

Certification panel starts work 1/28,p25
FAA assigns responsibility 6/16,p47
Unit urges FAA changes 6/30,p20

AIRCRAFT INTERIORS

Heath Tecna awarded 727 conversion contract 1/28,p31

AIRCRAFT-SUPERSONIC AND HYPERSONIC

SST research funding increased 4/7,p25

AIRCRAFT-U.S.

AD-1
- NASA aircraft test flown 1/7,p14
- Oblique wing in first flight 1/14,p14
- AD-1 gathers data 3/3,p99
- Analysis may delay tests 3/17,p21
- AD-1 reached 45 deg. 6/16,p28
- Skewed wing aircraft tested 6/30,p21

AMST
- YC-14 prepared for storage 4/14,p45
- YC-14, YC-15 put in storage 5/12,p45

ATMR
- McDonnell Douglas halts ATMR work 1/7,p16
- McDonnell Douglas resumes ATMR effort 2/18,p30

Beech Airliner
- Beech pushes commuter aircraft effort 4/21,p119

Beech Commuter
- Updated model makes first flight 6/30,p28

Beech King Air
- King Air inspected 2/18,p79

Bell D326 Clipper
- Bell seeks civil application 2/18,p77

Bell XV-15
- Key test phase beginning 4/21,p89

Boeing 707
- Engine replaced on 707 3/24,p23
- Plan to reengine 707 suspended 4/28,p35
- El Al equips 707 with sensor 5/26,p93
- American trims cargo capacity 6/23,p29

Boeing 727
- Large aircraft use cuts extra sections on shuttle 1/21,p26
- Iberia sues Boeing 2/11,p25
- Pan Am aircraft repainting begins 6/2,p36

Boeing 737
- British begin service 2/25,p35
- Flight control system for 737 scheduled for 1980 certification 3/10,p56
- Ansett may face financing problems 3/31,p30
- Boeing and Japan study transport plans 4/14,p17
- Instrument panel shown 4/14,p58
- Air Europe orders 737s 6/16,p50

Boeing 747
- London incident sparks 747 inspection 1/7,p26
- Qantas orders 747s 1/28,p28
- GE sets simulator goals 2/11,p105
- China receives 747s 3/3,p238
- China's 747SP flies 3/10,p27
- TWA plans additional routes 4/7,p33
- CAAC begins 747 service 4/14,p35
- Braniff terminates 747 lease 4/21,p32
- Boeing offers improvements 4/28,p24
- Air New Zealand to buy 747s 5/5,p35
- Air New Zealand selects Rolls engine for 747 5/12,p33
- Boeing planning to sell Libyan 747s elsewhere 5/19,p27
- Swissair orders 747 6/16,p38

Boeing 757
- New orders expected 1/21,p22
- Grumman to provide 757 wing spoilers 1/28,p26
- 757 orders 2/18,p32
- Rolls moves to assure production rate of RB.211-535C 3/10,p44
- 757, 767 offer two-man cockpit 3/24,p23
- Transbrasil eyes 757 4/7,p33
- Aloha eyes 757 with GE engines 5/5,p35
- Contractors selected 5/12,p37
- Boeing checks Rolls engine 5/26,p43
- 757 subcontracts 6/9,p33
- Boeing engineers check out electronic flight instruments 6/23,p55

Boeing 767
- Boeing readies facilities 1/14,p25
- TWA selects JT9D for its 767 1/28,p25
- Pitch control problem anticipated on Boeing 767 2/25,p26
- Boeing 767 fuselage section undergoes fatigue tests 2/25,p27
- Engine powerpack, strut mockup under construction 3/17,p29
- 757, 767 offer two-man cockpit 3/24,p23
- Ansett, Western and China choose 767 3/24,p25
- Ansett may face financing problems 3/31,p30
- Britannia orders two 767s, first by European carrier 4/7,p33
- 767 buy gives Western new flexibility 4/14,p26
- Boeing offers improvements 4/28,p24
- Braathens selects 767 5/5,p28
- Boeing engineers check out electronic flight instruments 6/23,p55

Boeing B-52
- B-52s flying Indian Ocean surveillance 1/28,p19
- USAF readies cruise missiles 3/10,p12
- Weapons system trainer selection due soon 5/5,p88
- Contract for simulator awarded 5/19,p121
- Future manned bomber plan awaits decisions 6/16,p136
- U.S. B-52 bomber fleet being upgraded 6/16,p192
- Nuclear training bombs, SRAM tested on B-52 6/23,p39
- B-52 trainer design provides flexibility 6/30,p70

Boeing E-3
- Importance of U.S. presence in Japan increases 2/11,p83
- Boeing, Lockheed, submit Tacamo successor plans 4/14,p18

Boeing E-4
- E-4B boosts SAC's communications net 6/16,p77

Boeing EC-135
- EC-135 Looking Glass provides new capabilities 6/16,p85

Boeing KC-135
- CFM56 selected for KC-135 1/28,p18
- Laser to test against missiles 2/4,p25
- Fund action key to KC-135 reengining 6/23,p58

Boeing YC-14
- Boeing bids in CX program 2/18,p62

Cessna 421
- Riley converts Golden Eagle 2/25,p50

Cessna T-37
- USAF jet trainer studies 3/3,p235
- Trainer request draws mixed reaction 3/17,p52
- Trainer scheduled for 1987 operations 6/30,p37

Cessna Citation
- Citation monitoring device under development 3/17,p53

CX
- McDonnell Douglas halts ATMR work 1/7,p16
- CX program office established 2/18,p19
- Boeing bids in CX 2/18,p62
- USAF accelerates plans 3/10,p16
- Restudy of CX need analysis sought 3/17,p22
- USAF backs CX 3/24,p20
- Funds for CX eliminated 3/31,p22
- Boeing continues CX study 4/7,p17

Delta Wing
- Boeing delta wing aircraft concept shown 6/16,p136

Eagle 220
- Bellanca seeks investor 6/30,p69

Fairchild A-10
- Fairchild to fabricate structural component of A-10A 2/18,p47
- A-10 engine, gun tested 2/25,p40
- Trainer request draws mixed reaction 3/17,p52

Forward Swept Wing
- Forward swept wing fighter design gains 4/14,p47
- Grumman forward swept wing studies continuing 5/19,p100

FX
- Guides to clear way 1/14,p17
- FX sales promotion 6/23,p25
- P&W proposes engine 6/30,p17

FXX
- USAF seeks to begin parallel fighter, attack developments 1/28,p19

Gates Learjet 50
- Gates presses certification 4/14,p60

General
- Fighter force structure mix scrutinized 2/11,p19
- Fighter complexity boosts cost, cuts readiness 3/31,p45
- Boeing slows production 5/12,p26
- Larger airframes challenge designers 5/19,p106
- Wide-body advantages fading 5/26,p26
- Surplus sale stopped 6/2,p16
- Manned bomber plan awaits decisions 6/16,p136
- Smaller aircraft under study 6/16,p143

General Dynamics F-16
- F-16 engine stall 1/21,p20
- U.S. to offer Egypt F-16s 1/28,p22
- Effectiveness to be tested 1/28,p56
- F-16 offsets discussed 2/11,p14
- Fighter force structure mix scrutinized 2/11,p19
- Israelis receive F-16s 2/25,p39
- Egypt asks for arms 3/3,p220
- J79-powered F-16 3/24,p16
- Europeans, Israelis receive F-16 3/24,p38
- Dutch buy F-16s 3/31,p24
- F-16As in exercises 4/14,p49
- Cure found for radar problems 4/14,p57
- Australians test-fly F-16 4/21,p145
- F-16 for export powered by J79-GE-17X turbojet 5/5,p70
- Off-the-shelf F-16 buy urged 5/12,p20
- F-16 management shifted 5/19,p117
- F-16 sale to Egypt proposed 6/2,p22
- FX sales promotion 6/23,p25

General Dynamics F-111
- USAF acknowledges shortage of F-111 support 3/10,p46
- Mission adaptive wing plan advances 5/19,p105
- SAC urges F-111 stretch 6/16,p184
- F-111s to be deployed 6/16,p273
- Modified F-111 makes flight 6/30,p45

General Dynamics FB-111
- Pressure for new bomber rises in Congress 2/11,p12
- Strategic cuts laid to faulty intelligence 2/25,p19
- FB-111 playing crucial role 6/16,p145
- Senate funds conversion 6/23,p24

Gossamer Albatross
- NASA concludes testing 4/28,p55

Grumman Albatross
- Grumman set to buy facility in Florida 6/30,p69

Aircraft—International

- **Grumman A-6**
  - A-6E aircraft shown 1/28,p16
  - Navy testing target drone 4/21,p97
- **Grumman E-2**
  - ALR-59 improvement 3/10,p21
  - New conformal radar system tested 4/14,p55
- **Grumman F-14**
  - Navy expects $500 million will solve TF30 problems 1/28,p68
- **Gulfstream American Gulfstream**
  - Tesoro-Gulfstream agreement terminated 3/10,p21
  - 30-40-passenger development advance 6/2,p24
- **Lockheed C-5**
  - C-5A line replaces wing boxes 1/28,p58
  - U.S. improving Diego Garcia base 5/12,p64
- **Lockheed C-130**
  - RAF flies first stretched C-130K 3/10,p44
  - Ventral fins tested on C-130 3/31,p23
  - Boeing, Lockheed submit Tacamo successor plans 4/14,p18
  - Lockheed proposes derivative 4/28,p17
  - Japan studies licensed production 5/19,p105
- **Lockheed C-130/L-100**
  - Lockheed to develop two-engine C-130 1/14,p26
- **Lockheed C-141**
  - Stretched C-141B slated for MAC 2/25,p21
  - First stretched C-141 in service 4/21,p24
  - Modified transports enter MAC program 4/28,p51
- **Lockheed CP-140**
  - Firm completes simulator 4/14,p57
  - CP-140 enters Canadian patrol fleet 4/28,p46
- **Lockheed L-100**
  - Japan studies licensed production 5/19,p105
- **Lockheed L-400**
  - L-400 tested 3/3,p228
- **Lockheed L-1011**
  - L-1011 in flight 3/3,p128
  - Pan Am L-1011-500s delivered 4/28,p26
  - Pan Am using new equipment 5/19,p34
- **Lockheed SR-71**
  - SAC to form new training unit 6/16,p156
- **Lockheed U-2**
  - Role of U-2 high altitude surveillance aircraft to be expanded 6/16,p200
- **Lockheed Flatbed**
  - Larger airframes challenge designers 5/19,p106
- **McDonnell Douglas A-4**
  - A-4 sale to Malaysia proposed 2/18,p23
- **McDonnell Douglas AV-8**
  - Defense board urges V/STOL efforts 1/28,p56
  - Navy to test on-board oxygen generator 2/4,p55
  - AV-8B armed with bombs 6/30,p19
- **McDonnell Douglas DC-8**
  - Grumman develops CFM56 2/25,p41
- **McDonnell Douglas DC-9**
  - USAir orders DC-9s 3/3,p239
  - PSA orders DC-9 Super 80s 4/7,p26
  - Crew dispute delays pact 5/19,p28
  - DC-9-80 completes testing 5/19,p29
  - Chinese to produce doors 6/23,p27
  - Douglas doubts delay 6/30,p30
  - Civil aircraft test procedures clarified 6/30,p31
- **McDonnell Douglas DC-10**
  - World resumes service 3/10,p24
  - Singapore eliminating DC-10s 3/24,p29
  - Federal Express chose DC-10 for cost, capacity 4/7,p28
  - Laker aims at wider multiclass market 4/21,p34
  - Douglas acts to stem DC-10 sales slippage 4/21,p39
  - Swissair eyes extended DC-10s 6/30,p27
- **McDonnell Douglas F-4**
  - U.S., Soviet aircraft meet over Indian Ocean 3/10,p17
  - Reconnaissance tests scheduled 5/12,p48
  - F-4E deploying to Egypt 6/23,p20
- **McDonnell Douglas F-15**
  - Fighter force structure mix scrutinized 2/11,p19
  - F-15 used in shuttle tile tests 2/25,p23
  - F-15B scheduled for flight 4/14,p44
  - Specialists sought for F-15 service in Arabia 6/2,p57
  - Fire, flight control systems integrated 6/9,p53
- **McDonnell Douglas KC-10**
  - KC-10A slated for April rollout 2/18,p24
  - KC-10 to begin testing 4/21,p21
  - KC-10 prepared for first flight 5/19,p98
  - Fuel system problems slip KC-10 flight 6/9,p24
- **McDonnell Douglas/Northrop F-18**
  - Navy gets first two-seat F-18 1/7,p17
  - Court denies F-18 trial delay bid 1/14,p20
  - GAO doubts effectiveness 2/4,p30
  - Rockwell studying nuclear hardening concepts 2/11,p45
  - Test generates advances 3/24,p42
  - Northrop suit delayed 4/7,p60
  - Canadians choose CF-18 4/14,p23
  - Navy acts to curb costs 4/21,p22
  - Canadians sign CF-18 contract 4/21,p23
  - Canada sending team to U.S. 4/21,p145
  - Navy focuses on F-18 roll-rate problem 5/19,p107
  - Changes planned to aid F-18 roll rate 6/2,p22
  - Options for F-18 cancellation weighed 6/30,p18
- **Mooney M-30**
  - Mooney to produce aircraft 6/23,p61
- **Northrop F-5**
  - Northrop will double F-5G workforce 3/31,p23
  - Mockups built for F-5G development 4/21,p85
  - Northrop seeks RF-5E orders 4/28,p44
  - Indonesia receives fighters 5/26,p83
  - Single-engine F-5 model shown 6/30,p47
- **Piasecki Heli-Stat**
  - Forest service sets fleet modernization 4/28,p56
- **Piper Aerostar**
  - Piper suit filed 2/25,p25
- **Piper Pressurized Navajo**
  - Navajo conversion in flight test 6/30,p51
- **Piper Seneca**
  - Polish producing Seneca 5/12,p57
- **Rockwell International B-1**
  - Pressure for new bomber rises 2/11,p12
  - House unit revives B-1 program 3/24,p17
  - B-1 tests yield 'penetrativity' data 6/16,p187
  - B-1 prototype flies over Edwards 6/16,p197
- **Rockwell International Commander**
  - Rockwell stresses advances 1/21,p41
- **Rockwell International Nova**
  - Nova aimed at replacing T-37 1/28,p23
- **Rockwell International Sabreliner**
  - Firms join forces 1/21,p19
  - Certificate revoked 2/11,p20
  - Rockwell, Raisbeck reorganize 3/3,p228
  - New Sabreliner version being studied 3/31,p89
  - New wing, engines mark Sabreliner 65 4/7,p72
- **Spanloader**
  - Delta spanloader studied 6/16,p141
- **Stealth Aircraft**
  - Stealth aircraft shown 6/16,p136
- **Swearingen Metro**
  - Austrian commuter operates Metro 2s 5/12,p35
  - Big Sky begins Metro 2 service 5/26,p28
- **Vought A-7**
  - Arms aid to Pakistan expected 1/14,p12
  - Vought trainer for Greece enters flight test 4/14,p42
  - A-7A for Portugal 5/5,p21
  - Naval aircraft shadow Soviets 5/12,p14
- **VTXTS**
  - U.S., Britain plan joint offer 2/18,p61
  - Navy advanced trainer candidate prepared for tests 3/17,p53
  - General Dynamics trainer offers design advances 5/19,p20
- **Wide Bodies**
  - Wide-body advantages fading 5/26,p26

AIRCRAFT-INTERNATIONAL

- **Brazil**
  - Embraer predicts record sales 3/31,p91
- **Canada**
  - Challenger approval expected 1/28,p75
  - Challenger deliveries expected 2/25,p53
  - Twin Otter to be inspected 2/25,p53
  - Canadair approves stretched Challenger 3/24,p14
  - Challenger production continues 3/31,p91
  - Challenger flight test program restructured 4/28,p21
  - 30-40-passenger developments advance 6/2,p24
- **China**
  - Y-10 called development effort 5/19,p32
  - Chinese industry strives for project integration 6/9,p18
  - Chinese design F-8 fighter 6/9,p18
- **France**
  - French testing Epsilon 1/28,p67
  - Soviet consul ousted 2/25,p20
  - HU-25A delay spurs plan 2/25,p50
  - Mirage radar delay necessitates retrofit 4/7,p22
  - HU-25A delivery forecast in February 1981 4/14,p22
  - Aerospatiale terminating Fouga 90 program 4/28,p16
  - Proposed Aerospatiale commuter model shown 5/26,p51
- **Germany**
  - Vought, VFW propose Fantrainer 3/31,p25
  - Advance wing design tested 4/7,p51
- **Great Britain**
  - Pressure test fuselage of HS.146 nears completion 2/18,p36
  - British plan Nimrod flight 3/24,p40
  - British study Nimrod production 3/24,p40
  - Short boosting sales efforts 4/14,p44
  - British form assembly line 4/21,p89
  - U.K. carrier uses Belfast 4/21,p105
  - Marines test V/STOL approach, landing aids 4/21,p187
  - Jetstream 31 begins test 4/28,p31
  - Olympic orders SD 3-30 5/19,p34
  - BAe 146 taking shape 6/9,p19
- **Israel**
  - Westwind 2 in flight test 3/3,p211

- Israelis pick F404 for Lavy 3/10,p12
- Germany selects Westwind 5/5,p27

Italy

- Aeritalia pushes for commuter decision 1/14,p28
- Italy, Brazil plan AMX coproduction 4/7,p59
- MB.339 sale to Peru nears 6/30,p15

Japan

- Fighter output centered on Mitsubishi 2/4,p47
- Boeing and Japan study transport plans 4/14,p17
- Mitsubishi sells Diamond 1 4/14,p19
- Japanese developing modernization plan 5/12,p21
- Diamond 1 readied 5/12,p58
- Japanese future uncertain 5/26,p23
- Diamond's tested 6/2,p22

Netherlands

- Netherlands, U.S., Japan eye joint transport program 2/25,p31
- Pilgrim inaugurates service 5/26,p47
- Components test program involves Fokker, three airlines 6/2,p58

Sweden

- SK-2 twinjet recommended 1/28,p69
- Supersonic aircraft favored 2/11,p20

USSR

- Il-76T and An-12 at Kabul 1/7,p15
- Afghanistan move keyed to airlift 1/7,p15
- Soviet moves spark Japan's defense support 1/21,p74
- Soviet Afghanistan air force MiGs stationed in Kandahar 2/11,p12
- Moscow-New York service suspended 2/11,p24
- U.S., Soviet aircraft meet over Indian Ocean 3/10,p17
- Il-18D serving Antarctic base 3/31,p75
- Naval aircraft shadow Soviets 5/12,p14
- Soviets testing Il-86 passenger, baggage and mail procedures 5/12,p42
- India, USSR sign agreement 6/2,p19
- Swedes intercept Backfire B 6/23,p21

AIRCRAFT-INTERNATIONAL-CONSORTIUM

A300

- Airbus eyes new A300 2/25,p34
- Airbus sales down 3/3,p172
- VFW begins conversion 4/21,p87
- Airbus studies new aircraft 5/26,p51

A310

- Airbus sales down 3/3,p172
- Sonaca to produce wing parts 3/31,p92
- A310 decisions made 5/19,p111

Alpha Jet

- Germans to test wing 4/7,p52
- Demonstration tour planned 6/23,p25

Concorde

- Braniff service profitable 2/18,p35
- Braniff drops interchange 4/21,p27
- Air France profits 5/26,p36

ECA (See also: TKF-90)

- Europeans seek design 4/28,p15
- Bonn warns of rising ECA cost 5/5,p16

Eurofighter

- Eurofighter to use advanced concepts 5/5,p19
- U.S. companies eye European aircraft 5/12,p56

Fairchild/Saab Commuter

- Commuter to have low wing 2/11,p27
- Saab and Fairchild form joint company 4/21,p31
- 30-40 passenger developments advance 6/2,p24
- Engine selected 6/16,p41

France/Japan

- Dassault offering 3/24,p25

TA 9

- Airbus studies new aircraft 5/26,p51

TKF-90 (See also: ECA)

- Europeans agree on new fighter 4/7,p14

Tornado

- Combat Tornado enters testing 4/7,p49
- Tornado carries external loads 4/21,p50
- Tornado simplified 4/21,p51
- Tornado crashes near Munich 4/28,p14
- Germans irked at cost 5/5,p19

Transall

- French refueling trials will test Transalls as strategic force idea 6/9,p40

U.S./Great Britain

- U.S./British collaborative efforts urged 5/5,p32

Vought/VFW NGT

- Vought, VFW propose modified Fantrainer in USAF competition 3/31,p25

AIRLIFT

- Afghanistan move keyed to airlift 1/7,p15
- U.S. surveys Mideast support facilities 1/14,p15
- U.S. looks to civil aircraft 3/31,p47
- Report hits airlift policies 6/16,p30

AIRLINE BAGGAGE HANDLING SYSTEMS

- System finds missing bags 2/25,p27
- System traces baggage 6/2,p59

AIRLINE CAPACITY

- ICAO conference rejects U.S. on capacity restriction removal 2/25,p30
- Capacity cut seen key to ending fare war 6/16,p36

AIRLINE CHARTERS

- Difficulties in obtaining charters may intensify 1/21,p34
- CAB issues show cause 3/31,p32
- No charter agreement reached 3/31,p34
- New charter service offered 6/2,p28

AIRLINE DEREGULATION

- Carriers oppose lease shifts 1/7,p22
- AW&ST conference program 1/28,p24
- PUC statement contested 1/28,p37
- Liberal approaches challenged 2/18,p26
- Nordio hits confrontation diplomacy 2/18,p28
- TWA chief urges accelerated deregulation 2/18,p29
- Airport access emerges as major issue 2/18,p30
- Prolonged deregulation impact seen 3/3,p184
- El Al chief urges deregulation moderation 3/17,p29
- Delta faces challenges 3/24,p30
- Deregulation amendments urged 4/21,p25
- Commuter growth predicted 4/28,p25
- Deregulation boosts Reno air traffic 4/28,p36
- $96 million subsidy peak seen 5/12,p22
- Deregulation spurs trunk/commuter pacts 6/2,p25
- Airport operators warned of problems 6/16,p45
- Diverse forces cut utilization 6/23,p28

AIRLINE FARES, TARIFFS, RATES

- CAB prediction overturned 1/7,p24
- CAB to propose flexibility 1/21,p24
- Family discounts proliferate 1/21,p25
- Cannon to discuss head tax 1/21,p36
- International air competition act sent to White House 2/11,p27
- CAB move lets agents, carriers set own rates 2/11,p28
- British substitute club fare 2/18,p26
- New fare aimed at business traveler 2/25,p35
- British urge revised system 3/3,p180
- CAB to investigate 12 overseas market fares 3/3,p235
- IATA to attempt change in tariff base 3/10,p28
- CAB boosts foreign fare 3/17,p27
- New discount, coupon programs emerge 3/17,p28
- IATA members weighing fare, cargo rate boost 3/31,p28
- TWA fare penalties may near $1 million 3/31,p30
- International fare boosts filed 4/7,p24
- Pan Am to extend coupon offer 4/7,p33
- SDR proposal blocked 4/7,p34
- Six options proposed by CAB to increase fare flexibility 4/14,p27
- World introduces lowered fares 4/14,p30
- World assesses promotion 4/21,p29
- TWA shuns California fare contest 4/21,p29
- World transcontinental and West Coast-Hawaii fares determined 4/28,p26
- U.S. carriers in transcontinental battle 4/28,p31
- CAB approved fare increase 5/5,p27
- Antitrust immunity order draws opposition 5/12,p39
- Fare flexibility expanded 5/19,p26
- Texas International changing discount fares 5/19,p31
- World Airways facing marketing problems 5/19,p47
- Icelandair hikes fares 5/19,p50
- Reactions diverge on flexibility 5/26,p29
- World plans London service 5/26,p36
- House unit alters taxes 6/2,p28
- Ozark to encounter new competition 6/2,p29
- British authorities accept part of World's London fare bid 6/2,p29
- Competition burgeons on Atlantic 6/9,p30
- Capacity cut seen key to ending fare war 6/16,p36
- Western offers discount credits 6/16,p37
- Transcontinental fare raised 6/30,p28
- British prompt fares study 6/30,p29

AIRLINE INCOME, EXPENSE, PROFIT, LOSS

- U.S. airlines' earnings plummet 1/28,p24
- Airline income, expense-third quarter 1979 1/28,p40
- Operating and cost data for 747, DC-10, A-300B and L-1011 for 3rd Quarter 1979 2/11,p32
- Fuel pivotal in slump 2/18,p31
- Trunk earnings fourth quarter 1979 and year 2/18,p31
- Braniff acquires credit line 2/18,p32
- United loss towers trunk profits 2/25,p29
- Nontrunk earnings outpoint cost 3/3,p227

Airline Industry

Non-trunk earnings for 4th quarter and year 1979 3/3,p227
European airline subsidy need predicted 3/17,p37
Airlines balk at data request 4/7,p34
Northwest predicts higher revenue 4/14,p16
Stock of Federal Express reflects strong financial position 4/14,p32
American records loss 4/21,p24
Aloha earnings slide 4/21,p44
Trunk profits scarce 4/28,p34
U.S. trunks report losses 5/5,p28
Interest rates benefiting carriers 5/5,p28
Air New England contemplating liquidation 5/5,p31
IATA warns of cost threat 5/19,p49
Air France profits 5/26,p36
Operating and cost data 747, L-1011, A300B, DC-10-fourth quarter 1979 5/26,p44
Airline income, expense fourth quarter 1979 5/26,p77

AIRLINE INDUSTRY

TWA plans cutbacks 1/7,p25
Western eyes fleet needs 1/7,p29
Profits termed too low 1/28,p31
Carriers plan more cutbacks 2/11,p23
Western faces tough decisions 2/25,p28
Fuel, shortages causing concern 3/3,p157
Fuel pivotal in expansion 3/3,p181
Olympic seeking fleet type reduction 3/10,p31
Air's cost edge over auto 3/17,p32
Alitalia launches improvement program 3/17,p34
Delta faces challenges 3/24,p30
Continental's management structure being changed 4/7,p26
Laker aims at wider multiclass market 4/21,p34
Air Jamaica expands, boosts tourism 6/2,p35
Diverse forces cut utilization 6/23,p28
Arabs, Pakistanis discuss resources pooling 6/30,p25

Air France, Iberia meet on interlining 4/14,p25
Laker aims at wider multiclass market 4/21,p34
Smoking proposal 5/5,p36
Braniff providing business class 6/2,p24

AIRLINE ROUTES

Western eyes fleet needs 1/7,p29
TWA Florida results 1/21,p26
London airport issues seen in Miami route discussion 1/21,p31
United curtailment of schedules retains longhaul strong cities 1/21,p34
Western wins London-Anchorage route 1/21,p35
Air New England sale parley collapses 2/4,p32
London case delays Air Florida merger focus 2/4,p33
Direct Moscow-New York service suspended 2/11,p24
World Airways to resume transcontinental service 2/11,p26
Bids for automatic entry filed 2/11,p34
Minneapolis/London authority raises decisions for Western 2/25,p28
British Airways begins 737-236 service 2/25,p35
EEC faces airline decision 2/25,p36
Heathrow rights become issue 3/3,p234
Eastern to begin coast-to-coast service 3/10,p24
Delta drops JFK-Miami route 3/10,p26
London rights outpace interest 3/17,p26
Laker not applicant for Boston route 3/24,p26
Carriers ask London rights 3/24,p26
Delta faces expansion 3/24,p30
Lufthansa to start new service 3/24,p31
Air Europe files for London-Miami service 3/31,p30
TWA plans additional routes 4/7,p33
Northwest predicts higher revenue 4/14,p16
Miami-London given to Pan Am 4/14,p24
American plans service withdrawal 4/14,p24
767 gives Western flexibility 4/14,p26
Western to be recommended for Anchorage award 4/14,p26
Coleman receives exemption 4/14,p27
Air Florida to inaugurate Caribbean service 4/14,p31
Suspension rule proposed 4/14,p34
CAAC begins service 4/14,p35
Braniff plans to suspend 747 Singapore service 4/21,p25
Braniff drops Concorde interchange 4/21,p27
CAB reverses Alaska policy 4/21,p29
Laker readies legal fight 4/21,p34
Laker predicts change in Florida destinations 4/21,p37
U.S. carriers in transcontinental battle 4/28,p31
Helicopter service started 5/5,p30
Northwest to match Midway's Chicago service 5/5,p32
Essential service determination appealed 5/5,p37
Western alters routes 5/12,p34
Antitrust immunity order draws opposition 5/12,p39
Pan Am using new equipment 5/19,p34
World facing problems 5/19,p47
World plans London service 5/26,p36
Hawaiian competition tightens 5/26,p61
Braniff providing business section 6/2,p24
British accept part of London fare bid 6/2,p29
Air Jamaica expands 6/2,p35
Competition burgeons 6/9,p30
CAA advises slow opening of gateways 6/9,p32
Western awarded Anchorage-London authority 6/16,p36
British expand licenses for service to Hong Kong 6/23,p30
New services to Florida stimulate diversion 6/30,p24
Air Florida extends Texas route 6/30,p28
Southwest expanding service 6/30,p29

AIRLINE SCHEDULES

Two airlines revamp schedules 5/26,p31

AIRLINE SHORT HAULS AND COMMUTERS

Commuters oppose security 1/7,p30
Aeritalia pushes for decision 1/14,p28
Reporting rules cause concern 1/14,p33
United retains cities 1/21,p34
FAA cites accident statistics 1/28,p30
Larger aircraft cut sections 1/21,p26
PUC statement contested 1/28,p37
Air New England sale parley collapses 2/4,p32
British Airways planning European service plan 2/4,p33
Proposals worry operators 2/11,p24
Commuter hubs studied 3/17,p28
Study shows air's cost edge over auto 3/17,p32
Coleman asks to drop certificate 4/7,p24
Coleman receives exemption 4/14,p27
Commuter growth predicted 4/28,p25
Helicopter service started 5/5,p30
Manufacturers show little interest in USAir request 5/12,p36
Helicopter service proposed 5/19,p28
Big Sky begins Metro 2 service 5/26,p28
New simulator designed 5/26,p89
Airport rules proposed 6/16,p39
Airports warned of problems 6/16,p45

AIRLINE SUBSIDIES

Subsidy need predicted 3/17,p37
$96 million subsidy peak seen 5/12,p22
Report proposes local subsidy sharing 5/12,p34

AIRLINE TRAFFIC

Sluggishness marks traffic 1/7,p24
Growth in traffic dips sharply 1/14,p22
TWA Florida results 1/21,p26
Britain-North America 1979 travel surged 2/4,p32
Traffic slows 2/25,p30
February trunk traffic sags 3/10,p27
Trunk traffic dips in March 3/31,p29
International traffic rises 4/7,p32
Traffic for trunks drops 4/14,p30
Traffic extends growth 4/21,p30
Pan Am, Northwest temper results 4/21,p31
New Atlanta terminal lifts capacity 4/14,p34
Laker aims at wider market 4/21,p34
Trunk traffic in April reverses March decline 5/12,p23
Nontrunk traffic sags in April 5/19,p31
Miami growing as international hub 5/19,p41
Braniff to reduce seat miles 5/19,p44
Two airlines revamp summer schedules 5/26,p31
Southwest reported increase 5/26,p41
Volcano continues to snarl air traffic 6/2,p18
Competition burgeons 6/9,p30
Market breakdown 6/9,p30
May traffic near year-earlier level 6/16,p50
Diverse forces cut utilization 6/23,p28
Nontrunk traffic drops 6/23,p33
New services to Florida stimulate diversion 6/30,p24

AIRLINE TRAFFIC STATISTICS

Airline traffic October 1979 1/7,p34
December 1979 traffic 1/14,p22
Fourth quarter 1979 traffic 1/14,p23
Calendar year 1979 traffic 1/14,p23
Airline traffic Nov. 1979 2/18,p37
Airline traffic Dec. 1979 3/24,p33

First quarter traffic 4/14,p30
March traffic 4/14,p31
Airline traffic Jan. 1980 4/14,p36
March non-trunk traffic, first quarter nontrunk traffic 4/21,p30
Airline traffic Feb. 1980 5/26,p72

Patco
FAA, Patco debate safety 1/7,p27
FAA files new charges 6/23,p34

ASTRONAUTS

NASA selects 19 astronauts 6/2,p16

ATTITUDE/HEADING REFERENCE SYSTEM

Attitude/heading reference unit gains 5/26,p89

AUTOPILOTS

Helicopter autopilot market burgeons 3/17,p38

AUXILIARY POWER UNIT

Gas turbine APU developed 4/21,p121

AVIONICS

AAH avionics flyoff started 1/7,p43
FAA planning monitoring 1/14,p58
Military systems emphasized 3/3,p189
Commercial sales leveling foreseen 3/3,p205
Automated functions to aid helicopter 4/7,p65

AWARDS, HONORS, ELECTIONS

Miller named Curtis Sword recipient 6/9,p25

BEAM WEAPONS

DARPA developing advanced weaponry 6/16,p59

BUSINESS FLYING

Piper planning few changes 1/7,p49
Business and utility aircraft shipments Nov. '79 1/7,p51
General aviation facilities available at Athens airport 1/28,p33
GAMA expects 1981 sales of $3 billion 2/4,p64
Business and utility aircraft shipments Dec. 1979 2/11,p103
General aviation neglect in budget hit 2/25,p48
Further growth forecast 3/3,p213
Business and utility aircraft shipments Jan. 1980 3/10,p57
Sales of small aircraft soften 3/24,p14
Fuel shortage hobbles agricultural aviation 3/24,p15
Piper, Cessna suspend production, cut forces 4/7,p22
Business and utility aircraft shipments Feb. 1980 4/7,p81
Beech pushes commuter effort 4/21,p119
Corporate aviation seminar cites growing congestion at airports 4/21,p123
Piper, Cessna are recalling employes 4/28,p21
Business and utility aircraft shipment March 1980 4/28,p59
Turbine aircraft sales continue high 5/12,p19
Business aircraft sales slow 5/12,p60
House alters taxes 6/2,p28
Business and utility aircraft shipments April 1980 6/9,p56
Pace reflected at Reading 6/23,p60
Business and utility aircraft shipments May 1980 6/30,p68

CHEMICAL WARFARE

USAF improving defenses 5/19,p109
British demonstrate gear 5/19,p111

CHINA

Chinese gains extensive 1/21,p16
China assembles Model 212 3/17,p50
Equipment sale approved 3/24,p22
U.S., China near agreement 4/28,p34
Chinese delegation briefed 5/26,p24
U.S., China near agreement 6/2,p26
Sales data cleared for China 6/9,p16
Chinese visit U.S. aircraft carrier 6/9,p17

CIVIL RESERVE AIR FLEET

CRAF proposal responses due 3/31,p51
Trunks to decline proposal 4/7,p31
House hits airlift policies 6/16,p30

COMETS

Comet mission jeopardized 1/21,p51
ESA funds astronomy satellite 3/17,p16

COMMAND AND CONTROL

U.S. seeking better survivability 6/23,p54

COMMUNICATIONS

High speed data transmission tests demonstrated 1/21,p95
FAA plans advances 3/17,p55
Boeing, Lockheed submit Tacamo successor plans 4/14,p18
U.S. abandons its 'evolutionary' approach to space broadcasting 5/5,p74

COMPUTERS AND DATA PROCESSING SYSTEMS

Navy AYK-14 finding uses 1/28,p71

Covers

False alert traced to computers 6/16,p236
Circuit cited in false warnings 6/23,p26
Causes sought in shutdown 6/30,p34

COVERS

Tactical mini-RPV tested 1/7
Pave Tack target designator 1/14
Rockwell 980, 840 Commanders 1/21
Ariane launched at Kourou 1/28
Leasat test model 2/4
Optical tracker payload vehicles 2/11
Gas-tungsten booster welding 2/18
First Israeli F-16B in flight 2/25
B-52 nuclear blast test 3/3
First F-18 in operational Navy colors 3/10
Rapier missile in test launch 3/17
Gulfstream 3 over Savannah 3/24
YAH-64s evaluate systems 3/31
Federal Express operates DC-10s 4/7
Red Arrows during formation loop 4/14
Luftwaffe Alpha Jets in formation 4/21
Navy/Sikorsky Seahawk 4/28
Ramjet test vehicle in wind tunnel 5/5
Shuttle external tank assembled 5/12
Mission adaptive wing on F-111 5/19
727 near Mt. St. Helens volcano 5/26
Learjet formation flight 6/2
MLRS tested at White Sands 6/9
Trident missile staging 6/16
Bell 222 in Japanese markings 6/23
NASA AD-1 oblique wing aircraft 6/30

DATA LINK SYSTEMS

Glide bomb data link developed 5/19,p123

DEFENSE ADVANCED RESEARCH PROJECTS AGENCY

DARPA developing weaponry 6/16,p59

DISPLAYS

Citation monitoring device under development 3/17,p53
Shuttle HUD contractor to be selected 3/31,p64
Jaeger develops electrolytic display 4/28,p62
FAA testing advanced HUD 5/5,p80

DRONES AND RPVs

Mini-RPV being developed 1/7,p54
Firebee contract awarded 2/25,p40
Mach 4 target vehicle enters development 3/24,p48
Navy testing target drone 4/21,p97
Hybrid propulsion powers Firebolt 6/2,p15
Firebee prepared for test 6/9,p45

EDITORIALS

Laurels for 1979 1/7,p9
Reprise for the rising sun 1/14,p7
The Afghan puzzle 1/21,p11
The Carter gospel as revised 1/28,p9
A narrow budget line 2/4,p9
When the cheering stops 2/11,p7
The first year 2/18,p13
Less for more 2/25,p10
Accelerating aerospace industry challenged 3/3,p10
Replenishing the bank 3/10,p7
Fighting two wars 3/17,p11
Skirting a recession 3/24,p8
Sunset for CAB; A taste of his own fleece 3/31,p13
Rebuff to CX 4/7,p9
Restraints on growth 4/14,p11
Collecting a NATO debt 4/21,p13
Countdown for MX 4/28,p9
The Iranian morass 5/5,p11
Shifting route patterns 5/12,p9
Myopia on exports 5/19,p13
Productivity and aerospace 5/26,p11
Salvaging solar polar 6/9,p11
The strategic priority 6/16,p21
Dissent on the budget 6/23,p11
Shuttle at the crossroads 6/30,p9

ELECTROMAGNETIC PULSE

Rockwell studying nuclear hardening concepts 2/11,p45

ELECTRONIC COUNTERMEASURES

Soviets press antijamming training 1/21,p35
Military systems emphasized 3/3,p189
USAF supports Navy-initiated jammer 3/10,p53

ELECTRONIC WARFARE

Sensor spectrum analyzer developed 3/31,p81

EUROPEAN ECONOMIC COMMUNITY

EEC faces decision 2/25,p36
Laker readies legal fight 4/21,p34
British prompt fare study 6/30,p29

EXPORTS AND IMPORTS

Tariff eliminated on civil aircraft 1/7,p17
Weapons sales to Taiwan approved 1/14,p12
Aid increase bid expected to follow Turkey pact 1/14,p14
Export license review planned 1/14,p16
Guides to clear way for fighter 1/14,p17
Eight export licenses denied 1/21,p20
GAO reports may raise buy American questions 1/28,p63
Japanese steel imports increase 2/4,p41
Soviet trucks in Afghanistan reheat export license debate 2/4,p63
Foreign sales budget 2/11,p38
Aircraft export record dimmed by fuel concerns 3/3,p171
Commercial sales leveling foreseen 3/3,p205
Egypt asks for arms 3/3,p220
GAO asks stricter policy on foreign sales deposits 3/3,p233
French exports increase 3/3,p240
Germany speeds aid 3/10,p19
U.S. pushing Europeans for tighter financing 3/10,p26
Arms sales restraints defended 3/17,p22
Interagency unit to study easing of military sales 3/17,p23
Exim running out of funding 3/24,p19
House panel eases rules 3/24,p20
Equipment sale to China approved 3/24,p22
Exim tightens export financing 4/7,p21
Short Bros. boosting sales efforts 4/14,p44
Turbine sales continue high 5/12,p19
Business aircraft sales slow 5/12,p60
Murdoch loan draws scrutiny 5/19,p23
Export-Import Bank changes urged 5/19,p23
Japan studies licensed production 5/19,p105
U.S. officials see end to predatory financing 5/26,p23
Congress probes Yemeni arms policy 5/26,p79
India, USSR sign agreement 6/2,p19
Sales data cleared for China 6/9,p16

FASTENERS

Mechanical fasteners dominating aerospace 2/18,p38
Aluminum bonding in technology stage 2/18,p47

FEE ALLEGATIONS

Iberia sues Boeing 2/11,p25
SEC drops charges 4/21,p28

FINES

Bigger fines proposed 3/10,p26
FAA fines E. I. du Pont de Nemours 5/19,p30

FIRE CONTROL SYSTEM

Fire, flight control systems integrated 6/9,p53

FLIGHT CONTROL SYSTEM

737 system scheduled for certification 3/10,p56
Helicopter autopilot market burgeons 3/17,p38
Shuttle system changed 5/12,p65
FAA expands flow control use 5/19,p25
Fire, flight control systems integrated 6/9,p53

FUEL

Japan's aviation fuel budget 1/21,p19
Refinery fire cuts gas supply 2/11,p18
Fuel pivotal in earnings 2/18,p31
NATO air forces curtail flights 2/25,p21
Fuel, shortages causing concern 3/3,p157
Fuel efficiency pivotal 3/3,p181
Fuel shortage hobbles agricultural aviation 3/2,p15
Aviation gas production rises 4/7,p16
Fuel impact on Federal below other airlines 4/14,p32
British using S-76 for offshore resources operations 4/14,p60
Non-electronic technique saves fuel 4/21,p41
Trunk profits scarce 4/28,p34
DOE denies fuel plea at JFK 5/5,p30
Fixed service pits save fuel 5/5,p39
NASA readies help to meet fuel quality changes 5/5,p70
FAA expands flow control use 5/19,p25
House unit alters taxes 6/2,p28
Surface effect ships gain in offshore oil operations 6/9,p38
Shale oil yields JP-4 results 6/30,p51

FUEL MANAGEMENT SYSTEM

Automated fuel management set for test 4/21,p191

GROUND HANDLING

New tractor eliminates tow bar 1/28,p39

GUN SYSTEMS

GE developing counter attack capability against Soviet Hind 4/21,p79

Divad gun system to be tested 4/21,p157
Navy completes shock tests 6/2,p67

HELICOPTERS-U.S.

AAH
AAH avionics fly-off started 1/7,p43
Bell 205
Helicopters share load 3/31,p79
Bell 212
Bell, China negotiating 1/21,p17
China assembles 212s 3/17,p50
Bell 214
Helicopters share oversize load 3/31,p79
214 demonstrated for Egyptians 5/19,p115
Bell 222
222 receives certification 5/26,p25

Commuters oppose new security measures 1/7,p30
Aeroflot office bombed 1/21,p23
Hijack attempt aborted 1/21,p27
Soviet consul ousted 2/25,p20
Bomb wounds United president 6/16,p41

INERTIAL UPPER STAGE

Inertial upper stage delayed 1/7,p19
Upper stage margins narrow 1/28,p66
IUS in early stages of component qualifications 2/25,p47
IUS spin motor fire 3/17,p45

JAMMERS

USAF supports Navy-initiated jammer 3/10,p53

JOINING TECHNOLOGY

Mechanical fasteners dominating aerospace 2/18,p38
Composite mechanical fasteners developed 2/18,p45
Diffusion bonding to be used 2/18,p47
Aluminum bonding in technology stage 2/18,p47
Douglas tests adhesive bonding of primary aircraft structures 2/18,p51
Evolutionary welding gains expected 2/18,p52
European firms study new joining methods 2/18,p58

JUPITER

New Jovian moon 5/26,p22

LABOR, EMPLOYMENT, WAGES

Boeing increasing its workforce 1/7,p25
TWA plans cutbacks 1/7,p25
Eastern sets stock incentives 2/4,p33
Hiring seen decreasing 2/25,p55
Northrop will double F-5G workforce 3/31,p23
Unions prepare for negotiations 4/21,p20
Piper, Cessna are recalling employes 4/28,p21
United plans furlough 4/28,p26
World Airways president accused of sexual harassment 5/12,p25
Trained worker shortage seen increasing costs 5/12,p61
Foreign engineer lawsuit rejected 5/12,p61
Crew complement dispute delays pact 5/19,p28
Lawsuit charges employe told to change religion 5/19,p116
Commuter labor outlook subject to change 6/2,p26
Solutions sought for production lag 6/2,p50
West German productivity trend reversed 6/2,p50
General aviation firms expand layoffs 6/9,p27
SAS plans work force reduction 6/9,p31
Labor, crew turnover concern planners 6/16,p274
Continental plans schedule, workforce cuts 6/23,p33
Recruitment called critical 6/30,p20

LANDING AIDS AND SYSTEMS

Visual landing aid under development 2/18,p69
Non-electronic technique saves fuel 4/21,p41
Marines test landing aids 4/21,p187

LANDING FEES

U.S. studying fee boost 1/21,p36

LASER COMMUNICATIONS

Lasercom experiment package to include receiver, transmitter 1/21,p70

LASER GYROS

Laser gyro flight tested 4/21,p195

LASER WEAPONS

Japan seeks broad military technology base 1/28,p45
DARPA developing advanced weaponry 6/16,p59
Soviet Union developing laser antisatellite weapon 6/16,p60
Protection against high-energy lasers found 6/16,p232
Antisatellite laser weapons planned 6/16,p244

LASERS

Laser to test against missiles 2/4,p25
Proximity warning system uses laser 4/21,p133

LAUNCH SITES, GROUND STATIONS, SILOS, BASES

Diego Garcia assumes new role 2/25,p19
Terminal installed at Ames 4/7,p69
U.S. improving Diego Garcia base 5/12,p64
USAFE base repairs backlog at $47 million 5/26,p17
Work continues on White Sands ground station 5/26,p101
New Trident base under construction in West 6/16,p112
Kwajalein range plays unique rule 6/16,p223

Joint base chosen 6/23,p26
British village refuses to bar cruise missiles 6/23,p44
Vandenberg shuttle operations delayed 6/30,p59

LAUNCH VEHICLES

Ariane
ESA successful in launch 1/7,p18
Ariane launcher in Kourou test 1/28,p65
Europe competes with U.S. 3/3,p89
New commercial organization to take Ariane responsibility 4/7,p45
More Ariane launches slated 6/2,p17
Ariane satellites replacement sought 6/9,p51
Malfunction studied 6/23,p16

Japan
Japan pushes space launcher development 1/28,p51

Titan
USAF Titan 3C launched DSCS-2 3/3,p23

LAUNCHERS

Armored launcher for mix of missiles evaluated 4/21,p159

LEASING, LICENSING, POOLING

Carriers oppose lease shifts 1/7,p22
Minneapolis, carriers at odds 1/21,p27

LEGAL ACTIONS

Countersuits filed in F-18 dispute 1/7,p17
Noise suit to have repercussions 1/7,p22
Court denies F-18 trial delay bid 1/14,p20
Noise controls at issue 1/21,p28
Iberia sues Boeing 2/11,p25
Piper suit filed 2/25,p25
Pilots sue ALPA 2/25,p29
Court upholds SBS 3/10,p22
Turner suit dismissed 3/10,p23
Northrop suit delayed 4/7,p60
Laker readies legal fight 4/21,p34

MAINTENANCE, OVERHAUL, REPAIR

Greek firm seeking maintenance work 1/7,p39
FAA denies charges 1/14,p59
Olympic seeks contractors 3/10,p33
Alitalia launches program 3/17,p34
FAA raises questions 3/24,p22
Service stations consolidated 3/24,p49
MTU building maintenance unit 4/21,p56
Stansted center opened 4/21,p136
Cooper closing center 5/12,p59
Specialists sought for F-15 service in Arabia 6/2,p57

MANAGEMENT

Haig new UTC president; Gray remains chairman 1/7,p20
Rolls-Royce negotiating financing agreement 1/7,p20
Trination missile group formed 1/7,p20
Continental realigning management 1/7,p23
Boeing names president 1/21,p21
Rolls plans expansion 1/21,p22
Comsat, Sears near agreement on direct-to-home television service 1/28,p66
UTC establishes group 2/4,p62
Derbes heads Garrett 2/11,p14
Enstrom renews research under new owner 2/11,p20
CAB vice chairman resigns 2/11,p34
CX program office established 2/18,p19
British pass aerospace bill 2/18,p22
New techniques utilized 3/3,p40
Budget cuts force restructuring at NASA 3/17,p16
Aeronautical Systems realigns management 3/17,p24
Continental's management structure being changed 4/7,p26
Braniff makes management changes 4/21,p27
Saab and Fairchild form joint company 4/21,p31
Texas Instruments plans expansion 4/28,p16
FCC rule to split Comsat 4/28,p23
General Dynamics shifts F-16 management 5/19,p117
Texas Aeronautics unit management changes 5/26,p28
Comsat structure altered 6/2,p57
Management changes at Northrop announced 6/16,p30
Two missile failures force space officials resignations 6/23,p26
Grumman set to buy facility in Florida 6/30,p69
Bellanca seeks investor, purchaser 6/30,p69

MANUFACTURING TECHNOLOGY

Air Force selling forging plants, equipment 3/31,p77

MATERIALS

Raw materials key to strategic importance 1/14,p45
Japanese steel imports increase 2/4,p41
Fuel, shortages causing concern 3/3,p157
Copper price rise swells bids on launch facilities 3/31,p64
Structures assembly efforts expand to composites 4/14,p50
Garrett completes ceramic components study 4/21,p102
Availiability of strategic materials debated 5/5,p42
Defense planners study material availability 5/5,p45
Production stimulant sought 5/5,p51
Titanium availability problems easing 5/5,p57
Boeing's materials supply vulnerable 5/5,p62
Advanced wing skin structures undergo tests 5/26,p85
Composite blades durable 6/23,p63

MERGERS AND ACQUISITIONS

Pan Am-National merger approved 1/7,p25
Labor problems pivotal in Pan Am/National merger 1/14,p24
Strike mars Pan Am/National merger 1/28,p28
Tiger, Seaboard merger recommended 1/28,p37
Air New England sale parley collapses 2/4,p32
London case delays Air Florida merger focus 2/4,p33
Enstrom renews research 2/11,p20
Way cleared for VFW-MBB merger 2/18,p24
Valhi's attempt to acquire PSA settled 3/3,p241
Tesoro-Gulfstream agreement terminated 3/10,p21
Stockholders stall merger of VFW-MBB 3/17,p24
Preliminary discussions started on Republic Airwest acquisition 3/17,p29
Airwest acquisition agreement reached 3/24,p28
Rolls-Royce takes over Deeside Titanium 3/31,p92
Labor problems may lead to arbitration 4/21,p26
Piedmont withdraws acquisition defense plan 4/21,p26
Nordair employes bid for carrier 4/28,p42
Eastern amendment 5/5,p37
CAB gives Tiger International approval for Seaboard merger 5/12,p28
Freight firm buys charter 5/12,p36
Hiller purchases FH-1100 line 5/12,p60
Airwest acquisition approved 5/19,p25
Appeal of Tiger's acquisition of Seaboard studied 5/19,p30
Tiger/Seaboard merger chances improved 5/26,p29
Tiger strengthening transport role 6/2,p32
Nordair employes bid for carrier 6/2,p36
Republic acquires Airwest 6/16,p50
Midstate purchased 6/23,p33
Bellanca seeks purchaser 6/30,p69

METRIC SYSTEM

Costs exceed estimate 2/25,p55
DOD presses metric conversion 4/7,p54

MICROPROCESSORS

Microprocessors for helicopters developed 3/31,p71

MIDDLE EAST

Soviet Afghanistan move keyed to airlift 1/7,p15
Arms aid to Pakistan expected 1/14,p12
Aid increase bid expected to follow Turkey pact 1/14,p14
U.S. surveys support facilities 1/14,p15
U.S. urging NATO support 1/14,p18
Long-term Mideast commitment readies 1/28,p17
Carter posture to force reprograming 1/28,p18
Soviet nerve gas use suspected 1/28,p20
Soviet trucks in Afghanistan reheat export license debate 2/4,p63
Soviet, Afghanistan air force MiGs stationed in Kandahar 2/11,p12
Hind D used in Afghanistan 2/25,p24
Hind D flies Kabul air patrol 3/3,p221
Persian Gulf area facilities use near 3/3,p221
Schmidt pledges defense spending rise 3/10,p19
West Germany speeds aid 3/10,p19
Soviets deploy missiles 3/10,p23
Sinai monitoring expanded 3/17,p43
New sanctions sought 4/7,p53
Iranian CH-47 delivery barred 4/14,p20
Iranian military students asked to leave U.S. 4/14,p23
Afghan problems stall Soviets 4/21,p18
Iraqi, Iranian friction may signal shift in Middle East 4/21,p19
Report finds Turkey can stop anarchy, military dictatorship 4/21,p148
Rescue helicopters drawn from fleet 5/5,p24

- Turbulence factor cited in RH-53 Iran mission 5/12,p16
- Consequences of rescue attempt assessed 5/12,p17
- NATO to boost European defense programs 5/19,p18
- Defense Dept. issues detailed analysis of Iranian rescue mission 5/19,p91
- Congress probes Yemeni arms policy 5/26,p79
- Panel formed to study aborted rescue 6/9,p16
- Iran rescue mission helicopter returns 6/9,p44
- F-4E deploying to Egypt for training 6/23,p20
- Soviet political effort in Iran forecast 6/23,p20
- Arabs, Pakistanis discuss resources pooling 6/30,p25

MILITARY EXERCISES

- Joint exercises with U.S. hone Japanese skills 2/11,p90
- Rapid deployment tested 4/21,p77
- Soviet tanks cross river 6/16,p274

MISSILES-U.S.

ABM
- Ballistic missile defense tests set 6/16,p213
- House unit backs ABM effort 6/16,p220
- Kwajalein range plays unique role 6/16,p223

ALCM
- ALCM contractor to be selected 2/18,p22
- Software key to ALCM choice 3/31,p18
- Tomahawk applications explored 3/31,p19
- Boeing gears for production 5/12,p43
- ALCM to enter inventory 6/16,p176
- Boeing ALCM tested 6/23,p18

ASALM
- USAF to curb pace 4/7,p16
- Rocket tests meet expectations 6/30,p52

BGM-109
- See: GLCM

Copperhead
- Production in Europe studied 3/31,p96

Cruise
- Study set for standoff missile 3/3,p220
- USAF readies missiles 3/10,p12

Cruise Ballistic Missile
- ICBM survivability aid studied 2/25,p16

General
- U.S., NATO improving forces 3/3,p50

GLCM
- GLCM flight tests scheduled 5/26,p79
- British protest basing plan 6/16,p281
- British pick sites for BGM-109 6/23,p24

Harpoon
- Japan studies Harpoon launcher production 2/4,p46

Hellfire
- Altered helicopter plans urged 1/7,p14

ICBM
- ICBM survivability aid studied 2/25,p16
- Post-boost vehicle signature data obtained 6/2,p20

Lance
- Missile award 3/31,p96
- Vought to test replacement 4/21,p155
- Nuclear forces in Europe upgraded 6/16,p271

Minuteman
- Launch concludes research 4/7,p15
- Updates hinge on funding 6/16,p171
- Minuteman missiles tested 6/16,p174

MRASM
- MRASM program pushed 4/7,p15
- Medium range ASM tested 6/16,p34

•MX
- MX basing doubts voiced 2/11,p15
- MX hearings stir criticism 2/11,p17
- MX transporter/emplacer being tested 2/18,p65
- Metrication costs exceed estimate 2/25,p55
- Air Force backs horizontal basing 3/10,p21
- GAO questions MX cost 3/17,p20
- New MX basing design being evaluated 3/31,p24
- MX contractors given highest priority 4/7,p18
- Cost boosts stall metric plan 4/7,p54
- Tests scheduled for MX inertial system 4/7,p67
- USAF studying closed loop for MX basing 4/14,p54
- Northrop building advanced inertial reference spheres for MX 4/21,p159
- Utah residents favor MX 4/28,p18
- MX loading dock concept chosen by Defense Dept. 5/5,p26
- Pentagon selects MX grid plan 5/12,p15
- Opposition seen growing 6/2,p20
- MX launch technique changed 6/16,p28
- Defense budget 6/16,p35
- Performance, throw weight improved 6/16,p122
- MX basing decisions clear way for design advances 6/16,p132
- Expanded role seen for ABRES program 6/16,p172
- MX undergoes color Schlieren tests 6/16,p176
- Demonstration planned for MX defense system 6/16,p220
- Alternate MX basing poses problems 6/30,p22

Patriot
- Martin Marietta selected for Assault Breaker 2/11,p15
- Missiles award 3/31,p96

Pershing
- Pershing 2 completes test series 6/16,p290
- Pershing 2 launched 6/23,p40

Phalanx
- Navy completes shock tests 6/2,p67

Polaris
- Polaris A3 missile launched 6/16,p263

SRAM
- Nuclear training bombs, SRAM tested on B-52 6/23,p39

Standoff
- Study set for standoff missile 3/3,p220

T-16
- Vought to test replacement for Lance 4/21,p155

T-22
- Missile award 3/31,p96

Tomahawk
- Ground launched cruise missile tested 1/14,p19
- Other Tomahawk applications explored by General Dynamics 3/31,p19
- MRASM development program pushed 4/7,p15
- Various Tomahawk concepts evaluated 4/21,p153
- Armored launcher for mix of missiles evaluated by Navy 4/21,p159
- GLCM flight tests scheduled 5/26,p79
- Tomahawk being fired from DD-963 destroyer 6/16,p76
- Submarine cruise missile plan mulled 6/16,p119
- Tomahawks to fly long-range profiles 6/16,p277

Trident
- Upcoming vote threatens Lockheed missile complex 3/24,p16
- California vote keeps Trident 6/9,p21
- Trident missile capabilities advance 6/16,p91
- Telemetry data vital to Trident 6/16,p102
- Navy shifts management 6/16,p111
- Base under construction 6/16,p112
- Navy seeks communications link for Trident missile force 6/16,p113
- Trident C-4 missile booster tested 6/30,p53

MISSILES-INTERNATIONAL

China
- Chinese building CSS-2 missile 4/14,p21
- Chinese test ICBMs 5/26,p25
- Missile development 6/9,p17

France
- France to modernize nuclear forces 6/16,p265

Germany
- Europeans weigh MLRS role 5/5,p21

Great Britain
- Sea Skua fires from helicopter 3/31,p96

USSR
- Chinese patrol boat fires Styx missile 2/11,p46
- Soviets deploy SA-4 missiles 3/10,p23
- Soviets' nuclear arsenal continues to proliferate 6/16,p67

MISSILES-INTERNATIONAL-CONSORTIUM

Euromissile
- Trination missile group formed 1/7,p20

Roland
- Army limits Roland production 1/14,p66

MULTIPLE LAUNCH ROCKET SYSTEM

- Cost, effectiveness keys to Vought MLRS choice 5/5,p20
- Europeans weigh MLRS role 5/5,p21
- Army MLRS test-launched 6/9,p52

NATIONAL AVIATION FACILITIES EXPERIMENTAL CENTER

- Voice data systems progress 3/3,p205

NATIONAL EMERGENCY AIRBORNE COMMAND POST

- E-4B boosts SAC's communications net 6/6,p77

NAVIGATION AND GUIDANCE

- MADGE certification expected 2/25,p59
- Loran-C based R-Nav system gains 3/24,p51
- Strapdown laser gyro flight tested in France 4/21,p195
- Civil use of global positioning system studied 5/5,p74
- Glide bomb guidance data link being developed 5/19,p123
- Goodyear guidance system in tests 6/16,p67

NOISE CONTROL

Noise suit to have repercussions 1/7,p22
Airport noise controls at issue 1/21,p28
Congress votes rule delays 2/11,p26
Authority rule upheld 2/25,p30
Helicopter rules costly 3/10,p59
FAA threatens action 4/14,p29
Airport plans worry industry 5/5,p34
Noise rule compliance could ground certain transport types 5/12,p28

NORTH AMERICAN AIR DEFENSE COMMAND

NORAD broadens horizons 6/16,p233
Space surveillance deemed inadequate 6/16,p249
New Colorado operations center to provide system focal point 6/16,p250
Circuit cited in false missile warnings 6/23,p26
Improved U.S. warning net spurred 6/23,p38

NORTH ATLANTIC TREATY ORGANIZATION

U.S. urging NATO anti-Soviet support 1/14,p18
NATO presses disarmament talks 1/21,p16
NATO establishes group on arms control 2/11,p17
NATO curtails flights in wake of rising fuel costs 2/25,p21
U.S., NATO improving tactical missile forces 3/3,p50
NATO emphasizing cohesion 3/3,p57
Strategic, nuclear NATO roles stressed 3/31,p41
U.S. urges Europe to strengthen NATO 4/21,p19
NATO to boost European defense programs 5/19,p18
NATO warned of threat 5/19,p18
French shift nuclear stance 6/2,p23
Nuclear forces upgraded 6/16,p271
F-111s to be deployed 6/16,p273
NATO updating nuclear forces 6/16,p277

NUCLEAR PROJECTS

Nuclear weapons laboratory funding rises 2/4,p24
French shift nuclear stance 6/2,p23
Soviets' nuclear arsenal continues to proliferate 6/16,p67
British seeking stronger nuclear force capability 6/16,p263
France to modernize nuclear forces 6/16,p265
Nuclear forces in Europe upgraded 6/16,p271
Nuclear pacts 6/16,p273

OPTIC SPECTRUM ANALYZER

Sensor spectrum analyzer developed 3/31,p81

OXYGEN GENERATOR

Navy to test oxygen generator 2/4,p55

PILOT REPORTS

Rockwell stresses turboprop advances 1/21,p41
New wing, engines mark Sabreliner 65 4/7,p72
Role of U-2 high-altitude surveillance aircraft to be expanded 6/16,p200

POLLUTION

Ozone rule could alter transports, choice of routes 3/24,p29
Nimbus traces ozone changes 3/24,p46

POWERPLANTS

Garrett
HU-25A delay spurs plan 2/25,p50
Bird ingestion trips ATF3-6 6/2,p21
General Electric
Flight model F-101 DFE tested 2/25,p25
Israelis pick F404 for fighter 3/10,p12
Engine directive issued 3/24,p16
Report critical of F101 3/31,p26
Contention over F100, F101X intensifies 3/31,p77
Additional F101 funds sought 4/7,p50
Second engine added to CF6-80's test program 4/14,p42
CT7-5 selected 6/16,p41
F101 DFE ends test 6/30,p15
General Electric/Snecma
CFM56 selected for KC-135 1/28,p18
Grumman develops new CFM56 for DC-8 reengining 2/25,p41
Engine replaced on CFM-56-powered 707 3/24,p23
Plan to reengine 707 suspended 4/28,p35
Fund action key to KC-135 reengining 6/23,p58
Japan
Engine development, production draw growing focus in Japan 2/4,p53
XF-3 engine to be tested in U.S. 3/31,p74
MTU/Turbomeca
French, Germans develop PAH 2 engine 5/19,p113
Pratt & Whitney
Bell, China negotiating coproduction pact 1/21,p17
F-16 engine stall 1/21,p20
TWA selects JT9D for its 767 1/28,p25
Navy expects $500 million will solve TF30 problems 1/28,p68
Engine powerpack, strut mockup under construction 3/17,p29
Contention over F100, F101X intensifies 3/31,p77
P&W proposed PW 1120 6/30,p17
Rolls Royce
Rolls plans early expansion of U.S. plant 1/21,p22
New orders for Rolls-powered 757 expected 1/21,p22
Rolls moves to assure production rate of RB.211-535 3/10,p44
Air New Zealand selects Rolls engine for 747 5/12,p33
Boeing checks Rolls engine for 757 5/26,p43
Rolls Royce/Japan
Rolls Royce negotiating financing agreement 1/7,p20
Turbo-Union
RB.199 peak production rate seen 4/21,p99
RB.199 modification kit in production 6/16,p34

PROFITS

White House backs profit curb 3/3,p235
DOD, election year spur defense profits ceiling 3/10,p22

PROJECTS

ADAP
Senate votes to end aid 3/24,p30
Federal leadership lack on airport issues cited 3/31,p32
FAA irked by Orange County 5/26,p41
AWACS
E-3A AWACS to be displayed 4/21,p53
BLATS
Diffusion bonding to be used 2/18,p47
Cobra Judy
Shipboard improved radar to track Soviet reentry vehicles 3/10,p56
HI-CAMP
Teal Ruby system depicted 6/16,p70
Homing Overlay Experiment
Ballistic missile tests set 6/16,p213
Joint Surveillance System
Air force upgrading radar network 6/16,p229
Lantirn
USAF requests proposals 2/11,p17
MADGE
MADGE certification expected 2/25,p59
PABST
Douglas tests adhesive bonding of primary structures 2/18,p51
Pave Low
Pave Low rescue 3/17,p57
Pioneer
Pioneer imagery details Saturn ring system 3/31,p59
Pioneer Saturn data show ring details 4/28,p19
Pioneer finds unique Venusian surface 6/2,p46
PLASI
Landing aid under development 2/18,p69
Seek Igloo
Air force upgrading radar network 6/16,p229
Tacamo
Boeing, Lockheed submit Tacamo successor plans 4/14,p18
Teal Ruby
DARPA Teal Ruby system depicted 6/16,p70
Voyager
New Jovian moon 5/26,p22

PROPULSION

Japan pushes space launcher development 1/28,p51
Rocket motor performance boost sought 3/24,p45

RADAR

ALR-59 improvement 3/10,p21
Shipboard improved radar to track Soviet reentry vehicles 3/10,p56
Venus orbiting imaging radar design proposal due this year 3/24,p44
Dassault Mirage radar delay will necessitate retrofit 4/7,p22
RCA delays introduction of Primus 708 radar 4/7,p31
New conformal radar system tested 4/14,p55
Cure found for F-16 radar problems 4/14,p57
Marine tracking radar aids air support 4/21,p177
AN/TPQ-27 aims at prime tactical role 4/21,p185
Dutch firm selected for British radars 5/26,p83
Experimental OTH-B radar uses separate sites 6/16,p69

Air Force upgrading radar network 6/16,p229
Improved U.S. warning net spurred 6/23,p38

RADIATION

Post-boost vehicle signature data obtained 6/2,p20

RAMJETS

Rocket ramjet tests meet expectations 6/30,p52

REENTRY AND RECOVERY

Reentry vehicle flight tested 2/11,p43
System planned for sea recovery of booster 4/14,p52
Post-boost vehicle signature data obtained 6/2,p20
Shuttle booster recovery ships being built 6/2,p48

RESEARCH AND DEVELOPMENT

$7 billion proposed 2/4,p20
Advanced fund hike sought 2/18,p21
FAA research funding inadequate 2/25,p26
FAA R&D funding boosted 4/7,p18
U.S., British efforts urged 5/5,p32
Lockheed budgets $500 million for independent R&D activities 5/19,p22
Larger airframes challenge designers 5/19,p106
New USAF division to stress research 6/23,p47

ROTOR SYSTEMS

Navy sponsors Coanda rotor program 3/31,p69
Composite helicopter blades prove durable 6/23,p63

RULES, REGULATIONS, POLICIES, STANDARDS

Commuter reporting rules cause concern 1/14,p33
Commuter proposals worry operators 2/11,p24
Bigger fines proposed for FAR violations 3/10,p26
Northeast corridor IFR 3/17,p39
FAA proposes rules on airport solicitation 4/14,p28
Commuter airport certification proposal expected this week 5/5,p36
FAA warned to tighten regulatory role 5/19,p30
FAA sets airport soliciting rules 6/2,p23
Commuter airport rules proposed 6/16,p39

SAFETY

Accident Liability
CAB proposes liability insurance minimums 2/18,p36
Accident Prevention
DC-10 crash investigators urge 8 priority actions 1/7,p26
Patco, FAA debate ATC safety 1/7,p27
FAA issues directive on redundancy in DC-10 stall warning 1/21,p24
Certification panel starts work 1/28,p25
FAA proposes DC-10 pylon changes 1/28,p26
King Air inspected 2/18,p79
Piper suit filed 2/25,p25
Twin Otter to be inspected 2/25,p53
GAO hits FAA safety capability 3/10,p34
Engine directive issued 3/24,p16
FAA raises questions 3/24,p22
Engine replaced on 707 3/24,p23
FAA issues crew seat standards 3/24,p61
Rules aim at wind shear 3/31,p31
Airlines, manufacturers oppose proposed rule on tire retrofit 3/31,p35
Seminar cites congestion 4/21,p123
FAA grounds Nevada Airlines and Midstate Airlines 6/2,p25
FAA strengthens safety violation 6/9,p33
Manufacturers issue volcano advisories 6/9,p41
Blue ribbon unit urges FAA changes 6/30,p20
Seat designs studied 6/30,p30
Accident Reports
NTSB analyzes DC-10 accident 2/11,p111
NTSB weighs factors in DC-10 Chicago crash 2/18,p80
NTSB cites maintenance procedures in DC-10 Chicago crash 2/25,p19
Maintenance analyzed in Chicago DC-10 crash 3/17,p61
NTSB cites cause of DC-10 Chicago accident 3/24,p59
NTSB analyzes crash of G21 4/14,p64
NTSB cites violations in G21 Antilles crash 4/21,p197
Loading factors cited in St. Croix crash 5/26,p95
NTSB assays Prinair crash 6/2,p62
Swift Aire engine shutdown cited 6/9,p57
Restart failure cited in Nord 262 crash 6/23,p62
Accidents
London incident sparks 747 inspections 1/7,p26
Cause of Harrier crash labeled 1/21,p18
Investigation of Conquest crash centers on pilot incapacitation 1/21,p20
Exercise suspended following crash 2/18,p22
Carrier accident rates rise 2/25,p28
F-15 crashes probed 3/10,p23
Dutch investigating F-16 accident 3/17,p19
F-16 crash sparks rewording of flight manual 3/24,p18
Italian Chinook crashed 4/7,p19
Challenger crashes 4/7,p23
Effects of Challenger crash assessed 4/14,p19
Tornado crashes near Munich 4/28,p14
Fire damages space suit 4/28,p20
Challenger flight test program restructured 4/28,p21
Airspeed cited in Munson Citation crash 4/28,p22
S-76A rotor blade spindle inspection ordered 5/5,p23
R22 certificate suspended 5/12,p21
DC-9 accident impact studied 5/12,p24
DC-9 damage assessed 5/19,p29
FAA completes post-crash DC-10 directives 5/26,p27
Helicopter accidents increase 6/2,p17
Disk failure cited in LOT Il-62 crash 6/2,p27
Compressor disk cited in F-16 crash 6/2,p65
Similarity of Learjet crashes causes NTSB to weigh study 6/9,p27
Investigators of backpack fire urge valve assembly redesign 6/16,p33
Thunderstorm scrutinized in Metro crash 6/30,p24
Civil aircraft test procedures clarified 6/30,p31

SATELLITES-U.S.

A-Sat
Center to provide focal point 6/16,p250
ACPL
Technical, cost problems end atmospheric physics program 4/14,p50
Antisatellite
Antisatellite weapon design advances 6/16,p243
Antisatellite laser weapons planned 6/16,p244
Antisatellite weapon equipped with thermal tracker 5/23,p49
Broadcast
Broadcast system talks terminated 4/14,p22
U.S. abandons its 'evolutionary' approach to space broadcasting 5/5,p74
Communications
Studies forecast storage 2/25,p42
AT&T planning new satcoms 3/3,p74
Court upholds SBS 3/10,p22
NASA samples interest in large satcom platform 3/17,p48
High-capacity system sought 3/31,p26
Terminal installed at Ames 4/7,p69
GTE seeks FCC slot approval 4/28,p22
DMS
Detailed weather information goal of new spacecraft 1/21,p54
Defense satellite images Europe's lights 6/2,p45
DSCS
Launch date set back 1/14,p20
USAF Titan 3C launches DSCS-2 3/3,p23
Survivability boost sought 6/16,p260
Survivability enhanced 6/23,p53
Global Positioning System
New antenna concept for GPS users 3/17,p54
KH-11
KH-11 launched 2/18,p23
Landsat
Landsat 2 retired 1/28,p21
Problems force restructure 6/9,p20
Landsat 2 returned to use 6/30,p58
Leasat
Hughes urges another Leasat 6/16,p35
Hughes seeking cost cuts 6/30,p54
Navstar
Navstar delay, satellite cut planned 3/10,p16
Changes to reduce costs 4/14,p20
Navstar 6 launched 5/5,p27
Civil use of global positioning system studied 5/5,p74
NOAA
NOAA-B undergoes final checkout 4/21,p168
Loss of thrust puts NOAA satellite into wrong orbit 6/9,p22
NOSS
NOAA seeks $6.4 million on ocean sensor system 2/11,p38
Ocean Surveillance Satellite
Ocean surveillance system launched 3/10,p18
Oceanic
Oceanic, gamma ray plans approved 1/21,p51
SBS
Hughes tests space vehicle 5/12,p69

- **Solar Maximum Spacecraft**
  - Solar maximum spacecraft launched 2/18,p25
  - Solar corona images made 6/23,p22
- **TDRSS**
  - Shuttle upper stage margins narrow 1/28,p66
  - Work continues on White Sands ground station 5/26,p101
- **Westar**
  - Hughes to develop Westar 3/17,p49

SATELLITES-INTERNATIONAL

- **Arab**
  - Arab Satcom established 4/21,p18
- **China**
  - Chinese gains extensive 1/21,p16
  - MBB, Chinese discuss satellite 3/31,p63
- **France**
  - Telecommunications system cost to increase 5/12,65
- **Indonesia**
  - New satcom planned 1/14,p58
- **Japan**
  - Satellite groups being formed 1/21,p17
  - Japan gaining maturity 3/3,p92
  - Japanese lose second satcom 3/3,p234
- **USSR**
  - Soyuz T duration 1/14,p21
  - Soviets launch Cosmos 2/11,p102
  - Statsionar 2 launched 2/25,p25
  - Soviets increasing activities 3/3,p83
  - Soviets launch one civil, 14 military satellites 3/24,p21
  - Soviets launched Cosmos 1,172 and 1,173 4/21,p24
  - New Soviet antisatellite mission boosts backing for U.S. tests 4/28,p20
  - Soviets launch surveillance spacecraft 5/5,p25
  - Soviets launch Cosmos 1,179, 1,180 5/19,p24
  - Soviets developing antisatellite 6/16,p60
  - Cosmos 954 glows as it reenters atmosphere 6/16,p249
  - Soviets launch Cosmos 1,185-1,188, Gorozont and Meteor 6/23,p18

SATELLITES-INTERNATIONAL-CONSORTIUM

- **Hipparcos**
  - ESA funds satellite study 3/17,p16
- **Intelsat**
  - Intelsat 5 tested 3/3,p67
- **Solar Polar Mission**
  - Solar polar delay likely 3/31,p27
  - Fund threat spurs protest 5/26,p22
- **TV-Sat**
  - Europeans building system 4/21,p167

SATURN

- Imagery details ring system 3/31,p59
- Pioneer data show ring details 4/28,p19

SEALIFT

- Navy forms sealift force 6/16,p32

SEATS

- Seat designs studied 6/30,p30

SECURITY PRACTICES

- Commuters oppose new security measures 1/7,p30

SENSORS

- Infrared sensor tested 1/14,p61
- Sensor spectrum analyzer developed 3/31,p81
- U.S. upgrading ground-based sensors 6/16,p239

SIMULATORS

- Simulator slated for operation 2/4,p73
- GE sets simulator goals 2/11,p105
- Firm completed CP-140 simulator for Canadians 4/14,p57
- Delta purchased Link simulators 5/5,p37
- Contract for B-52 simulator awarded after flyoff 5/19,p121
- New simulator designed for commuter, Part 135 operators 5/26,p89
- B-52 trainer provides flexibility 6/30,p70

SOLAR PROJECTS

- Solar corona images made 6/23,p22

SOLID ROCKET MOTORS

- Performance boost sought 3/24,p45

SOVIET UNION

- Approved export license review planned 1/14,p16
- Aeroflot service refusal spreads 1/28,p17
- Soviets press antijamming training 1/21,p95
- Space-based systems stressed 3/3,p25
- Afghan problems stall Soviets 4/21,p18

SPACE PLATFORMS

- NASA samples interest in platform 3/17,p48

SPACE PROCESSING AND MANUFACTURING

- GAO backs space materials processing 2/25,p42

SPACE SHUTTLE

- Inertial upper stage delayed 1/7,p19
- Shuttle engine welds unnecessary 1/14,p21
- First shuttle flight plan held to basics 1/21,p61
- Shuttle tile repair kit awarded to Martin 1/21,p70
- Problem of propellant slumping delayed shuttle solid stacking 1/21,p70
- Shuttle boosts budget 1/28,p21
- Shuttle upper stage margins narrow 1/28,p66
- Shuttle stacking believed unlikely before summer 2/11,p38
- Military needs may aid fifth orbiter 2/18,p24
- Tiles assume structural role 2/25,p22
- IUS in early stages of component qualification 2/25,p47
- Shuttle pivotal to space plans 3/3,p69
- Emphasis on military systems to grow 3/3,p74
- Second shuttle orbiter receives new guidelines 3/3,p223
- Inefficiency in shuttle procurement charged 3/3,p225
- Shuttle engine test milestones nearing 3/10,p39
- Shuttle orbiter thermal tiles tested 3/10,p40
- Antenna platform concept study being extended 3/10,p41
- IUS spin motor fired 3/17,p45
- Teams to bid on shuttle cargo services 3/17,p48
- Defense shuttle flights cut in new schedule 3/31,p54
- Advances in thermal protection pushed 3/31,p57
- Copper price rise swells bids on launch facilities 3/31,p64
- HUD contractor to be selected 3/31,p64
- New slip seen in launch date 4/7,p20
- Key power-on tests approach 4/7,p39
- System planned for sea recovery of booster 4/14,p52
- Shuttle test curtailed 4/21,p21
- Shuttle launch delays' cost impact assessed 4/28,p18
- Manipulator contract awarded 5/5,p75
- Shuttle flight control system changed 5/12,p65
- Orbital maneuvering system pod installed 5/19,p119
- First operational shuttles launch slips 5/26,p21
- Shuttle concerns force action 6/2,p14
- Recovery ships being built 6/2,p48
- Shuttle tile decision set for July 6/9,p20
- Shuttle supplemental 6/9,p23
- Shuttle flightcrews train in water survival 6/9,p48
- Investigators of backpack fire urge valve assembly redesign 6/16,p33
- NASA assesses problems 6/23,p16
- Vandenberg shuttle facilities blocked 6/23,p17
- Space shuttle pallet prepared 6/23,p27
- New USAF division to stress research 6/23,p47
- Vandenberg operations delayed 6/30,p59

SPACE STRUCTURES

- Structures assembly efforts expand to composites 4/14,p50
- New USAF division to stress research 6/23,p47

SPACE SUITS

- Space suit for shuttle missions tested 2/11,p39
- Fire damages space suit 4/28,p20
- Valve redesign urged 6/16,p33

SPACE TECHNOLOGY

- **U.S.**
  - Space-based systems stressed 3/3,p25
  - Emphasis on military systems to grow 3/3,p74
  - Potential budget cutbacks threaten space programs 3/10,p20
  - NASA involved in experimental house 3/10,p40
  - Spacecraft survivability boost sought 6/16,p260
- **China**
  - Chinese gains extensive 1/21,p16
  - Astronaut candidates training 2/4,p57
- **Europe**
  - Europe competes with U.S. programs 3/3,p89
- **France**
  - French cosmonauts selected 6/16,p34

USSR

Soyuz T duration 1/14,p21
Extensive design changes mark Soyuz T 1/14,p57
Soviets increasing activities 3/3,p83
New manned visit to Salyut 6 expected 4/7,p21
Soyuz 35 launched 4/14,p20
Soyuz 35 crew conducting experiments 4/21,p22
Soviets employ water tank for space training 4/21,p165
Soviet cosmonauts train for Soyuz 35 flight 4/21,p167
Salyut 6 experiments, mission pictured 4/21,p169
Cosmonauts train for for Soyuz 35 missions 4/28,p60
Soviets Soyuz space mission in photographs 5/5,p76
Cosmonauts complete Salyut 6 refueling 5/19,p22
Soviet actions suggest long Soyuz 35 mission 6/2,p16
Soviets fly manned Soyuz T 6/9,p22
Soviets developing 12-man space station 6/16,p26
French cosmonauts selected 6/16,p34
Salyut success spurs new station plan 6/23,p18
Soyuz T shows new systems, controls 6/23,p19

SPACELAB

ESA acts on budget problems 1/28,p20
Changes spur Spacelab 2/11,p101
Europe competes with U.S. programs 3/3,p89

SPECIAL REPORTS

Japan's growing strategic role 1/14,p36
Japan's growing strategic role 1/21,p74
Japan's growing strategic role 1/28,p45
Fiscal 1981 aerospace budget 2/4,p14
Deregulation conference 2/18,p26

STOL, V/STOL

Defense board urges V/STOL efforts 1/28,p56
Ames to begin tests 4/21,p65

STRIKES, BOYCOTTS, JOB ACTIONS

Southwest Airlines on strike 1/21,p31
Strike mars Pan Am-National merger 1/28,p28
Alitalia launches improvement program 3/17,p34
Ozark mechanics expected to authorize strike 4/14,p28
Ozark mechanics strike involves pay, fringe, pension demands 5/12,p26
Ozark strike impact 5/19,p32
Ozark pact 5/26,p28
Ozark to encounter new competition 6/2,p29

SURFACE EFFECT SHIPS

Rohr completed negotiations 1/28,p22
Surface effect ships gain in offshore oil operations 6/9,p38

TACTICAL ELECTRONIC RECONNAISSANCE SYSTEM

Reconnaissance system tests scheduled 5/12,p48

TANKS

U.S. to offer Egypt tanks 1/28,p22
Egypt asks for arms 3/3,p220

TARGETS

Target vehicle enters development 3/24,p48
Hybrid propulsion system powers Firebolt target 6/2,p15

TECHNICAL SURVEY

Strategic materials 5/5,p42

TELECOMMUNICATIONS

Cost to increase 5/12,p65

TELEMETRY

Telemetry data vital to Trident 6/16,p102

TELEVISION

Comsat, Sears near agreement 1/28,p66

TIRES

Airlines, manufacturers oppose proposed rule on tire retrofit 3/31,p35

TORPEDOS

Torpedo tested from P-3A 4/7,p50

TRACKING AND SCANNING

Infrared sensor tested 1/14,p61
B-52s flying Indian Ocean surveillance 1/28,p19
USAF requests Lantirn proposals 2/11,p17
Sinai monitoring expanded 3/17,p43
AAH sensor tests completed 3/31,p73
Marine tracking radar aids air support 4/21,p177
Reconnaissance systems tests scheduled 5/12,p48
Post-boost vehicle signature data obtained 6/2,p20
Teal Ruby depicted 6/16,p70
U.S. upgrading ground-based sensors 6/16,p239
Space surveillance deemed inadequate 6/16,p249
New Colorado operations center to provide system focal point 6/16,p250
Improved U.S. warning net spurred 6/23,p38

TRAINERS

Trainer may find other missions 1/21,p21
U.S., Britain plan joint VTXTS offer 2/18,p61
USAF jet trainer studies 3/3,p235
Request draws mixed reaction 3/17,p52
Navy advanced trainer candidate prepared for tests 3/17,p53
General Dynamics trainer offers design advances 5/19,p20
Trainer scheduled for 1987 operations 6/30,p37

TRAINING

Flight training benefits reduction for veterans recommended 3/17,p43
Helicopter training issue may be nearing solution 4/14,p48
Hughes plans to train helicopter pilots 5/5,p79
Joint base chosen 6/23,p26

TRAVEL AGENTS

CAB move lets agents, carriers set own rates 2/11,p28
United Airlines revises agents' commission plan 2/25,p32
Trend against agent exclusivity seen 3/24,p28
Agents tepid on new commission plans 5/12,p37

TREATIES, PACTS, AGREEMENTS, BILATERALS

Tariff eliminated on civil aircraft 1/7,p17
NATO presses disarmament talks 1/21,p16
Bell, China negotiating coproduction pact 1/21,p17
U.S./Netherlands Antilles reach bilateral agreement 2/11,p25
U.S., Britain near service agreement 2/11,p34
Heathrow rights become issue in bilateral parley 3/3,p234
London rights outpace interest 3/17,p25
British Caledonian plans service under bilateral 3/17,p26
Air France, Iberia meet on interlining 4/14,p25
U.S. opposition to unfair practices pledged 4/21,p28
Britain renounces air agreement with Canada 4/28,p32
U.S., China near bilateral agreement 4/28,p34
U.S./New Zealand bilateral 5/19,p34
India, USSR sign agreement 6/2,p19
Deregulation environment spurs interline pacts 6/2,p25
U.S., China near bilateral agreement 6/2,p26
Nuclear pacts 6/16,p273

UNITED STATES AIR FORCE

$7 billion proposed for USAF research funding 2/4,p20
Operations, maintenance pace USAF bid 2/4,p21
Bids exceed estimates for shuttle work 2/25,p24
Aeronautical Systems realigns management 3/17,p24
SSPO organization chart 6/16,p95
New USAF division to stress research 6/23,p47

U.S. AIR FORCES, EUROPE

Budget shortfall hurting USAFE 5/26,p16
USAFE base repairs backlog at $47 million 5/26,p17

UNITED STATES ARMY

Missiles, vehicles lead Army's priorities 2/4,p26

Ballistic missile defense organization chart 6/16,p214

UNITED STATES COAST GUARD

GAO reports may raise buy American questions 1/28,p63
Coast Guard budget 2/11,p40
HU-25A delay spur plan 2/25,p50
Automated functions to aid helicopter 4/7,p65
HU-25A delivery forecast in February 1981 4/14,p22
Helicopter choice upheld by court 6/16,p29

UNITED STATES GOVERNMENT

Commerce Dept.
Commerce Dept. cancels Farnborough plan 3/17,p25
Defense Dept.
Republican calls for 10% defense boost 1/21,p18
Budget cuts aircraft purchases 1/28,p14
Carter posture to force reprograming 1/28,p18
Defense readiness emphasized 2/4,p14

ADVANCED TEST ACCELERATOR

ATA to be constructed 8/4,p55

AEROSPACE INDUSTRY

U.S.
  Northrop sales down 7/28,p14
  Boeing cuts production rate 8/11,p36
  Supplier role challenged 9/1,p76
  U.S. dominance eroding 9/1,p87
  Production capability limited 9/29,p69
  Aerospace seen spurring U.S. economy 10/6,p18
  Defense electronics spending increase forecast 10/27,p59
  Survey finds little impact of election 11/3,p34
  Airframe producers counting on upturn 11/3,p134
  Rohr reports losses 11/3,p219
  Boeing orders slow 11/10,p27
  Transport writeoffs hurt Douglas, Lockheed 11/10,p31
  U.S. contracting termed adversary relationship 12/8,p21
Canada
  Canadians seek increase in exports of equipment 10/27,p59
China
  China's technology impresses visitors 10/6,p25
France
  Seca facing difficulties 9/1,p183
  French push current, future programs 9/1,p223
  French to boost spending for defense 10/27,p63
  French spending expected to rise 12/8,p15
Germany
  VFW, Fokker analyze profits independently 7/21,p66
  German election key to defense issue 8/18,p89
  Germany broadening technology base 9/1,p114
  Germans revise technology approach 9/1,p269
  W. Germany pressed to increase NATO contribution 11/17,p54
Great Britain
  Rapid deployment contemplated 7/7,p18
  Britain lays groundwork for growth 9/1,p83
  British industry growing 9/1,p199
  Dowty plans strong bid 9/1,p280
  Thatcher promises export assistance 9/8,p28
  Labor party moves to left 10/13,p22
  British Airways stock offer delayed 10/20,p34
  Cuts imperil British planning 11/10,p57
  British Civil Aviation Act becomes law 11/24,p33
  Legislation to allow Rolls greater credit introduced 12/1,p37
  British to aid Short 12/8,p52
Italy
  Workers file suit 7/14,p97
  Italian industry gears for expansion 9/1,p111
  Italians seeking markets 9/1,p255
Japan
  Japanese gains linked to foreign ties 9/1,p123
  Japanese agencies set budgets 9/29,p69
  Japanese press airframe development 11/3,p151
Netherlands
  F-29 program pivotal to Dutch firms 9/1,p145
  British contract spurs Dutch avionic industry 9/1,p262
  Dutch budget 10/20,p121
  Stronger defense posture foreseen 11/17,p52
Sweden
  Swedes eye next-generation avionics 9/1,p245

AIR CARGO AND AIR MAIL

Freight traffic growth predicted 8/4,p34
CAB delays international cargo decision 8/4,p35
American pays fine 8/18,p35
Air freight rate war intensifies 10/6,p33
Hotel clerks to handle air freight 10/13,p36
Flexibility stressed 10/20,p45
Carrier aircraft need put at 5,000 10/20,p47
Air cargo woes mirror industry 11/3,p181
Concorde eyed for small package service 11/24,p42
Cargo carriage increases over Pacific 12/1,p28

AIR DEFENSE SYSTEM

U.K. air defense award made 9/8,p26

AIR NATIONAL GUARD

Air National Guard plans A-7 improvement 12/1,p137

AIR SHOWS

Farnborough
  U.S. participants plan for Farnborough 7/7,p24
  Close-support F-15 expected 7/21,p21
  General Dynamics to exhibit F-16 8/4,p24
  AWACS to fly at Farnborough 8/11,p28
  Competition sparks Farnborough 9/1,p42
  YAV-8B, DC-9 Super 80 withdrawn from show 9/1,p42
  F-15 crosses Atlantic in five hours 9/1,p43
  New fighters spark flying display 9/8,p22
  Prospective customer interest high 9/8,p24
  Initial orders recorded for commuter aircraft 9/8,p28
  Buyer interest strong 9/15,p20
  Air force research programs displayed 10/13,p59
NBAA
  Corporate sales buoy industry 9/29,p18
  Convention reflects belt tightening 10/13,p40
  Helicopter sales strength continues 10/20,p100

AIR TRAFFIC CONTROL

FAA denies decrease in reliability 7/7,p28
Computer failure at Kennedy 7/7,p28
Traffic information funds uncertain 7/7,p55
EEC planning upgrade 7/14,p31
Italian controllers protest 7/14,p33
FAA tests 'fix' to outages 7/21,p32
Oakland problems persist 7/28,p23
FAA analyzes Oakland outages 8/25,p31
Southwest investigating three traffic incidents 9/1,p57
Study hits management 9/15,p30
FAA to discipline controllers 9/29,p24
Canadian action increases U.S. workload 10/6,p35
Higher European fares laid to costs 10/20,p55
Spanish bid denied 10/20,p117
Heathrow delays 10/27,p28
FAA chief says position on traffic misunderstood 10/27,p31
Computer system seen cutting costs 11/3,p193
ATC staffing needs expected to grow 11/3,p199
Big growth seen in commuter control 11/3,p199
Fuel savings foreseen in automated ATC plan 11/3,p200
Reaction to FAA contingency plan cautious 11/17,p35
Metering smooths airport traffic flow 11/17,p38
Crews gain ATC response flexibility 11/24,p67
Eurocontrol approves ATC function changes 12/1,p31

AIRCRAFT CARRIERS, SHIPS, SUBMARINES

DARPA weighs use of blue-green laser 7/28,p62
Ban lifted on German building of warships 8/11,p24
Japanese lose track of Soviet carrier 8/25,p18
Soviet ships photographed in Baltic Sea 9/8,p60
Submarine delay 9/15,p27
U.S., Soviet ships near war zone 9/29,p28
French to build two nuclear carriers 10/13,p67
Soviet warship cruises Baltic 10/20,p31

AIRCRAFT CERTIFICATIO

FAA's engineering talent 7/7,p11
Certification review draws opposition 11/3,p37
Comment time stretched for certification review 12/1,p23
New certifications pose FAA challenge 12/1,p43

AIRCRAFT-U.S.

Beech 200
  Orders prompt Beech to boost output 11/17,p76

Aircraft-U.S.

Beech King Air
  King Air 1200 cabin mockup exhibited 10/13,p43
Bell XV-15
  Tilt-rotor vehicle reaches new testing phase 8/11,p23
Boeing 707
  Texas firm will market American 707s 11/10,p28
Boeing 727
  727 sale allows Braniff loan payment 8/4,p31
  Opposition rises to Iraqi transport sale 8/11,p32
  Braniff to continue reduction 8/25,p31
  Industry tackles composite challenge 9/15,p80
Boeing 737
  Airlines buy 737s 9/8,p35
  Federal Express sells 737 9/15,p36
  737 with new stabilizer makes first flight 10/13,p37
  Frontier and Southwest order 737s 11/24,p32
Boeing 747
  Opposition rises to Iraqi sale 8/11,p32
  Boeing sells 15 transports 8/25,p32
  Boeing modifying 747 mockup 9/1,p123
  JT9D flight tested 10/13,p35
  747s awaiting delivery 11/3,p144
  Indonesian Airline places 747-200B transport in service 11/3,p216
  New transports in production 11/3,p208
Boeing 757
  Boeing subcontractors 7/7,p27
  Pace of orders raising concern 7/21,p42
  American eyes 757 9/1,p53
  Boeing continues work on advanced technology transports 9/1,p95
  Delta's aircraft decision nears 9/8,p31
  Common 757, 767 facility established 9/15,p31
  Sfena to produce standby attitude indicator 9/22,p25
  Transbrasil signs for 757-200s 9/22,p31
  Boeing building second 757 mockup 10/27,p30
  Boeing 757, 767 avionics design frozen 11/3,p203
  Delta purchases 60 757s 11/17,p26
Boeing 767
  Boeing subcontractors 7/7,p27
  Boeing building subassemblies 7/7,p37
  Boeing emphasizing innovation in 767 assembly 7/28,p24
  JT9D-7R4 prepared for flight tests 8/18,p31
  Boeing continues work on advanced technology transports 9/1,p95
  Common 757, 767 facility established 9/15,p31
  Air Canada and Britannia receive loans for 767s 9/15,p36
  Passenger slide for 767 tested 11/3,p215
  Boeing expands plant 11/3,p219
Boeing B-52
  Modifications program planned 7/28,p72
  B-52 offensive avionics tests set 9/1,p45
  B-52G flies with new system 9/22,p125
  Tests of tail warning radar scheduled 9/29,p77
Boeing E-3
  Rapid deployment tested 7/28,p72
  AWACS to fly at Farnborough 8/11,p28
  AWACS in Arabia 10/6,p20
  Advanced AWACS expected 11/10,p69
  Boeing defining AWACS improvements 11/10,p75
Boeing E-4
  First E-4B upgrade scheduled 7/7,p23
  E-4B contracts awarded 8/25,p53
Boeing EC-135, KC-135
  SAC's Looking Glass aircraft maintained on station 7/21,p63
  Air Force will upgrade aerial refueling capabilities 8/11,p56
  Sundstrand received KC-135 contract 9/22,p114
  GAO calls for study of KC-135 reengining 10/27,p61
Caproni A-21
  Low cost sailplane developed for tests 8/4,p38
Cessna 172
  Cessna predicts 1981 sales increase 11/10,p61
Cessna 335
  New directive issued 10/13,p22
Cessna Citation
  Citation 3 certification slips 7/7,p24
  Cessna modifying Citation 3 7/14,p105
Cessna Titan
  Cessna modifying Titan 9/1,p51
CX
  War spares underfunded 7/14,p27
  Operational date postponed 10/20,p30
Cyclo-Crane
  Cyclo-Crane developed for heavy lift 11/17,p71
Fairchild A-10
  Collins control display selected 7/7,p60
  Two-place A-10 procurement proposed 8/25,p47
Forward-Swept Wing
  Forward-swept wing fighter gains 9/29,p67
Gates Learjet
  Further Learjet flight testing expected 7/14,p26
  Directive issued, Learjet tests planned 8/11,p29
  Gates, FAA improve Learjet pitch trim 11/10,p62
Gates Learjet Longhorn
  Production Learjet Longhorn 50 begins flight tests 9/1,p87
General
  Multipurpose bomber advances 8/4,p16
  Appropriations panel funds new bomber 8/11,p21
  Aging aircraft solutions seen 10/13,p26
  NASA presses fighter gains 10/27,p16
  Manufacturers design new commuters 11/3,p105
  U.S. airframe produces counting on upturn 11/3,p134
General Dynamics F-16
  Israeli F-16 delivery 7/7,p23
  Mach 2.2 F-16 development under way 7/21,p20
  F100 engines return to service 7/28,p13
  F-16 crashes investigated 8/4,p17
  General Dynamics to exhibit F-16 at Farnborough 8/4,p24
  Defense plans favor F-16 8/11,p24
  F-16 questioned in Defense Dept., Congress 8/18,p92
  Scamp cuts drag, increases fuel load 8/18,p96
  Inflation boosts fighter program costs 8/25,p14
  General Dynamics defines cost of J79 powered F-16 for export 8/25,p38
  F-16 spurs European industry growth 9/1,p96
  F-16 modifications authorized 9/1,p291
  F-16 market potential expands 9/1,p295
  Austrians evaluate F-16 9/15,p25
  F-16 crash investigations spur engine recommendations 9/15,p86
  European partners study F-16 production problems 9/22,p22
  Reliability emphasized 10/6,p71
  F-16/J79 makes flight 11/10,p15
  F-16 contracts 11/10,p38
  Offsets rise in Australian fighter buy 11/10,p59
  Belgians, Dutch differ on ECM 11/24,p27
  J79 for F-16 offers extra thrust in afterburner 12/1,p124
General Dynamics F-111
  USAF updates F-111s 7/7,p48
  F-111A/EF-111A conversion to start 8/11,p25
General Dynamics FB-111
  Bomber need study funded 7/7,p21
  Load team trains with FB-111 7/7,p51
Gossamer Penguin
  Gossamer Penguin flight tested 8/18,p19
Grumman E-2
  Egyptian briefing 10/6,p21
Grumman F-14
  Improvements in F-14A from early deliveries to latest deliveries 10/6,p44
  Centralized Navy program restores readiness of F-14 10/6,p67
Gulfstream American Gulfstream
  Gulfstream receives FAA certificate 9/29,p20
LearAvia Lear Fan
  LearAvia reorganizes 7/21,p22
  Lear Fan 2100 to make first flight 9/15,p81
  Lear Fan 2100 scheduled to fly 11/10,p63
Lockheed C-5
  Tests meet objectives 7/21,p52
  USAF awards retrofit 7/28,p19
  C-5A with strengthened wing makes first flight 8/25,p15
  Senator seeks new study of C-5A rewing program 9/1,p47
  Mark urges no delay on C-5A wing 9/29,p67
Lockheed C-130
  Commercial use of Hercules evident 10/20,p99
  Japanese procurement may spark controversy 11/17,p25
Lockheed L-1011
  NASA resumes vortex tests 7/28,p27
  TAP receives loan 9/15,p36
  Composite ailerons readied for L-1011s 10/13,p27
  Saudi L-1011 to be delivered before end of year 11/3,p217
  Airborne systems enhance fuel economy 11/17,p59
  Lockheed slows production rate of L-1011 11/24,p42
Lockheed P-3
  New Zealand's P-3Bs to be updated 7/14,p29
  Lockheed plans to update P-3 Orion 12/8,p41
  Japanese oppose Lockheed facilities 12/8,p46
Lockheed S-3
  Studies show lift coefficient tripling 12/1,p119
Lockheed U-2
  Mt. St. Helens photographed 7/7,p19
  Sensor key in missile warning system 9/29,p23

- Mt. St. Helens viewed 10/20,p33

Lockheed Flatbed
- Flexibility stressed for cargo survival 10/24,p45

McDonnell Douglas DC-8
- Evergreen seeks larger transport role 7/7,p34
- United DC-8s retrofitted with CFM56s 10/27,p61

McDonnell Douglas DC-9
- FAA reviewing DC-9 Super 80 program 7/7,p29
- Super 80 production gains 7/21,p33
- U.S. companies to visit China 7/21,p36
- ALPA to consider DC-9 Super 80 protest 9/1,p55
- DC-9 Super 80 issued type certificate 9/1,p54
- First DC-9 Super 80 delivered to Swissair five months late 9/22,p30
- Midway buys aircraft for new service 10/6,p34
- First DC-9 Super 80 in service with Swissair 10/13,p26
- Air International buying DC-9s for new service 10/20,p60
- Airborne buys DC-9s from Delta 11/3,p41
- New air transports in production 11/3,p208

McDonnell Douglas DC-10
- Fuel costs hasten VIASI planning 7/7,p30
- United, Air Force agree on buy of CRAF DC-10 8/25,p18
- New service advisories issued for DC-10 10/6,p27

McDonnell Douglas DC-XX
- McDonnell Douglas pushing DC-XX program 8/4,p32
- McDonnell Douglas tests DC-XX model 11/3,p140
- DC-XX work continues 11/17,p26

McDonnell Douglas F-4
- F-4s restricted for inspection 9/15,p23
- European engine repair bids sought 9/22,p19

McDonnell Douglas F-15
- Close-support F-15 expected at Farnborough 7/21,p21
- F-15 crosses Atlantic 9/1,p43
- F-15 at Farnborough 9/8,p16
- F-15 tests scheduled 9/8,p24
- McDonnell Douglas seeks broader capabilities for F-15 9/15,p85

McDonnell Douglas KC-10
- KC-10 makes first takeoff 7/21,p25
- Air Force will upgrade refueling 8/11,p56

McDonnell Douglas/Northrop F-18
- Canada told F-18 will not be canceled 7/14,p26
- Defense plans push F-18 buys 8/11,p24
- Navy F/A-18 demonstrates dual-mission performance 8/11,p42
- Inflation boosts costs 8/25,p14
- AV-8B, F-18 offset 9/1,p282
- F-18 at Farnborough 9/8,p17
- F-18 crashes in England 9/15,p20
- Court dismisses lawsuit 9/15,p27
- Navy, contractors study F-18 engine data 9/22,p23
- Crash probe, roll-rate check delay F/A-18 program review 10/6,p28
- Offsets rise in Australian fighter buy 11/10,p59
- Program review sparks optimism 11/17,p21
- Navy, industry study latest F-18 crash 11/24,p28
- Changes to F404 urged 12/8,p24

Northrop F-5
- F-5G performance emphasized 7/28,p12
- Korean F-5 coproduction 11/24,p27

Piper Cheyenne
- Range, speed balance mark Cheyenne 3 11/24,p47

QSRS
- QSRS completes demonstration 7/21,p23
- NASA shows research aircraft 9/8,p44

Rockwell International B-1
- Multipurpose bomber advances 8/4,p16
- B-1 makes longest flight 9/1,p89

Rockwell International T-2
- Navy spin training heightens confidence, pilot safety 8/25,p38

Rockwell International Sabreliner
- Rockwell weighs future of Sabre 65 program 7/28,p16

Smith Lightning
- Turboprop aircraft under development 7/21,p65

Stealth Aircraft
- DOD confirms Stealth effort 8/25,p22
- Stealth aircraft leaks deplored 9/8,p31
- Carter clarifies position on Stealth aircraft leaks 9/15,p23

Swearingen Merlin
- Litton tests inertial system 12/1,p144

Swearingen Metro
- Metro 3 orders 8/25,p22
- New commuter aircraft being readied 11/17,p28

Supersonic Cruise Fighter
- NASA presses fighter gains 10/27,p16

Vought A-7
- Air National Guard plans A-7 improvement 12/1,p137

AIRCRAFT-INTERNATIONAL

Brazil
- French buy of Xingu 1 raises questions 10/6,p23

Canada
- Challenger subcontract• 8/4,p25
- Challenger gets Canadian certificate 8/18,p28
- Challenger handling qualities assessed 9/22,p34
- Stall warning shifts key to Challenger certificate 11/17,p24

China
- Nationalist China rolls out XAT-3 8/18,p19
- China's technology impresses visitors 10/6,p25

France
- Pan Am negotiates Falcon Jet divestiture 8/18,p28
- Lineup of French fighter aircraft at Farnborough 9/8,p21
- Italy, France weigh commuter development 9/15,p22
- ATF3-6 problem delays HU-25A 9/15,p86
- Consortium aims at updated Atlantic 10/20,p73
- French to boost spending for defense 10/27,p63
- Epsilon undergoes modifications 12/8,p59

Germany
- Dornier emphasizing commuter market 9/1,p177
- TNT shown at Farnborough 9/8,p30
- Germans award amphibious aircraft contract 9/8,p30
- Fantrainer tour 9/15,p22
- Dornier planning new STOL flying boat 10/20,p65
- Fantrainer completes U.S. tour 11/10,p48

Great Britain
- Shorts plans new commuter aircraft 7/14,p31
- Britain expected to delay AV-8B commitment 7/21,p24
- British Aerospace AEW makes first flight 7/28,p17
- Short Brothers presses 360 marketing 7/28,p30
- NDN developing aircraft 9/1,p50
- In-flight refueling pod developed for VC.10 9/1,p86
- British production begins on AV-8B 9/1,p163
- Funding decision nears 9/1,p163
- AV-8B has long lead times 9/1,p163
- Metal cut on prototype Sheriff light twin 9/1,p166
- Light observation aircraft in tests 9/1,p188
- Sting Ray torpedo shown after launch from Nimrod 9/1,p205
- AV-8B, F-18 offset 9/1,p282
- Nimrod AEW at Farnborough 9/8,p22
- Composites to be used in AV-8B 9/15,p84
- Sea Harrier at Farnborough 9/22,p16
- Optica flies at Farnborough 9/22,p16
- British design ultra-short takeoff and landing aircraft 9/22,p23
- British producing AV-8B components 9/22,p131
- British study lightweight fighter concept 10/20,p78
- Specific engineering goals sought in HS.748-2B 10/27,p36
- Europeans push commuter aircraft 11/3,p143
- HS.146 moved to final assembly area 11/3,p147
- British evaluate new Harrier 11/10,p51
- Supersonic vectored-thrust fighter design tested 12/8,p51

Israel
- Model of Astra displayed 10/13,p41
- Automation cuts pilot work 10/13,p49
- Argentinians adapt Arava into water bomber 10/20,p103

Italy
- Italian industry gears for expansion 9/1,p111
- MB.339 modified for close air support 9/1,p175
- Italy, France weigh commuter development 9/15,p22
- Italian/French project advances 11/3,p169

Japan
- Japanese press airframe development 11/3,p151

Netherlands
- Two U.S. commuters ready F-28 operations 8/18,p30
- F-29 fuel efficiency boosted 9/1,p151
- Europeans push commuter aircraft 11/3,p143

Spain
- CASA 212 Series 200 at Farnborough 9/8,p29
- CASA 212-200 in service on U.S. route 11/3,p56

USSR
- Backfire patrol carries AS-4s 7/14,p18
- Soviets apologize 7/14,p29
- Extensive airlift supported invasion 8/4,p42
- Variety of Russian equipment deployed 8/18,p76

- FAA moves to discipline controllers 9/29,p34
- F-14 escorts Tu-95 over Pacific 10/20,p66
- Soviet threat spurs air defense focus 11/10,p37

AIRCRAFT-INTERNATIONAL-CONSORTIUM

A300
- French technicians work on A300 hydraulic system 9/1,p79
- British develop A300 landing gear housing 9/1,p85
- Australia drops threat to cancel A300 buy 10/20,p53
- Germans block Airbus funds as merger delay continues 10/20,p115
- Airbus compares workloads of cockpit designs 11/24,p40
- Airbus transport line closing 12/8,p27

A310
- Airbus evaluates cockpit 11/3,p193
- A310 work progressing 11/17,p27
- Airbus still planning to certify A310 for 2-man crew 11/24,p40
- Air France seeks to reopen A310 discussions 11/24,p41
- Middle East Airlines selects A310 12/1,p38
- Litton tests laser-gyro inertial system 12/1,p144

Alpha Jet
- Lockheed pushes Alpha Jet as Navy trainer 9/8,p29
- Iraq negotiating for Alpha Jets 9/29,p28

Concorde
- Concordes may have lengthy layover in Washington 7/21,p35
- British to suspend some Concorde operations 9/22,p30
- Concorde eyed for small package service 11/24,p42

Eurofighter
- British Eurofighter concepts displayed at Farnborough 9/8,p19

Italy/France
- Italian/French project advances 11/3,p169

Jaguar
- Jaguar in service in Mideast 9/1,p84
- Maintenance performed on French Jaguar fighter 9/1,p143

Saab-Fairchild 340
- New commuter aircraft being developed 11/17,p28

TKF-90
- Germans find new fighter costly 8/18,p18

Tornado
- Tornado crimps German budget 8/18,p18
- Tornado enters flight test 9/1,p83
- Germans testing Tornado 9/1,p126
- Germans test Tornado 9/1,p157
- Tornado at Farnborough 9/8,p16
- Tornado flies at Farnborough 9/22,p16
- Tornado costs delay Roland 2 buy 10/20,p113
- Germans seek Tornado production stretch 11/10,p23

AIRLIFT
- MAC deploys support for F-4Es in Egypt 7/7,p16

AIRLINE CHARTERS
- Europe charter carriers seek to expand 7/28,p27
- CAB cuts Mexican charter rights 12/8,p33

AIRLINE DEREGULATION
- Evergreen seeks larger transport role 7/7,p34
- USAir counters forecast, extends record profits 7/14,p36
- Deregulation spurs confrontation 7/21,p29
- Sabena president reviews airline problems 7/28,p28
- Alaska Airlines cuts expansion plans 9/1,p71
- Galbraith dismisses deregulation as 'romantic' 11/3,p40
- Carriers experience new pressures 11/3,p51
- Deregulation spurs airport problems 11/3,p55
- U.S. trunks enter new era of stability 11/3,p71
- Regionals gain market share 11/3,p89
- Europeans study impact 11/3,p113
- Unions stress saving of jobs 11/3,p122
- Impact of deregulation on consumers 11/3,p209
- Japanese oppose U.S. deregulation 11/3,p216

AIRLINE FARES, TARIFFS, RATES
- Carriers tune fare structures 7/7,p26
- Continental looks to stimulate load factors 7/7,p26
- CAB clears federal employe fares 7/21,p30
- West Coast carriers announce discounts as traffic decreases 7/21,p32
- Foreign fare issue splits CAB 7/28,p20
- Fare level changes 7/28,p23
- CAB exempts eight carriers from guaranteed ticket prices 7/28,p30
- British Airways sparks fare war 8/4,p27
- CAB investigating Continental charges 8/4,p30
- Service card delayed 8/4,p34
- Recession and fare hikes depress July traffic 8/11,p30
- Fall fare structure could spur stability 8/25,p28
- Braniff matches Texas International fare cuts 9/1,p54
- Texas and Southwest in fare battle 9/15,p30
- Demand-related fares studied 9/29,p34
- CAB approves new fare policy 9/29,p37
- Air freight war intensifies 10/6,p33
- World introduces new fares 10/6,p34
- ICAO moves toward fare, rate policy 10/13,p34
- Higher European fares laid to costs 10/20,p55
- SAS fare action 10/20,p60
- IATA delays on policy 11/3,p39
- Business club class to be inaugurated 11/17,p30
- Most air fares increase by 6% 11/24,p31
- Governments urged to avoid fare disputes 11/24,p32

AIRLINE INCOME, EXPENSE, PROFIT, LOSS
- Braniff withdraws stock offering 7/7,p28
- USAir extends record profits 7/14,p36
- Operating and cost data 747, A300B, DC-10, L-1011 First Quarter 7/14,p40
- Airline income, expense 1st Quarter 1980 7/14,p47
- Poor earnings, traffic dip pose economic dilemma 7/28,p29
- Trunk quarter losses larger than forecast 8/4,p28
- Non-trunk airline finances, first half and second quarter 8/4,p28
- Trunk airline finances first half and second quarter 8/4,p28
- 727 sale allows Braniff loan payment 8/4,p31
- Braniff trying to sell more aircraft 8/11,p31
- European airlines face decline 8/25,p25
- Braniff continues reduction 8/25,p31
- Operating and cost data 747, A300B, DC-10, L-1011 2nd Quarter 9/29,p46
- Airline, income, expense, 2nd quarter 1980 10/6,p39
- Voluntary pay cuts figure in Braniff turnaround 10/13,p28
- British Airways stock offer delayed 10/20,p34
- Profitability up 10/27,p27
- Airlines reeling from financial losses, but future gains foreseen 11/3,p52
- New economics of scheduled airlines 11/3,p77
- Capitol Airways' net worth gains 11/10,p28
- Trunk profits improve in third quarter 11/10,p30
- World Airways' financial loss 11/17,p38
- British Airways recording pretax loss 11/24,p33
- Remittance dispute stalls Northwest revenues 12/1,p28

AIRLINE INDUSTRY
- Fuel costs hasten VIASI planning 7/7,p30
- Newark-based airline formed 7/21,p28
- People Express faces hurdles 7/28,p21
- Sabena president reviews airline problems 7/28,p28
- Pan Am selling building 8/4,p30
- Recession and fare hikes depress July traffic 8/11,p30
- Braniff trying to sell more aircraft 8/11,p31
- Arab consortium planned 8/11,p41
- European airlines face decline 8/25,p25
- Braniff to continue fleet reduction 8/25,p31
- Continental furloughs employes, restructuring system 9/1,p57
- Alaska Airlines cuts expansion plans 9/1,p71
- U.S. flag market share cut 9/8,p32
- New Newark based airline 10/6,p33
- Airlines in developing nations to get IATA guidance to aid 11/3,p41
- Carriers experience new pressures 11/3,p50
- U.S. trunks enter new era of stability 11/3,p71
- Europeans emphasize fuel efficiency 11/3,p165
- Muse establishing airline 11/10,p26
- Fuel price outlook worries carriers 11/24,p31
- People Express plans purchases with proceeds from stock sale 11/24,p34
- PSA acts to incorporate new carrier 12/1,p32
- New York Air slates service 12/8,p32

AIRLINE LOAD FACTORS
- Continental looks to stimulate load factors 7/7,p26
- Traffic drops, load factors fall 10/20,p36

AIRLINE PASSENGER SERVICES

- Service card delayed 8/4,p34
- Complaints down 9/15,p29
- CAB issues show cause on confirmation 9/22,p26
- Decline in service laid to deregulation 11/3,p209

AIRLINE RESERVATIONS

- CAB issues show cause on confirmation 9/22,p26

AIRLINE ROUTES

- Latin American rights granted 7/14,p33
- Mexican authority recommended 7/14,p39
- British carriers apply for 'open skies' 7/14,p42
- Costa Rican rights urged 7/21,p29
- Southeast charged with operating unauthorized flights 7/28,p20
- New North Atlantic flight pattern proposed 7/28,p25
- Competition heats on Atlantic 8/4,p26
- British discussing Mideast traffic rights 8/4,p26
- Continental seeks rights to Yucatan Peninsula 8/11,p41
- Air Florida growth linked to Europe 8/18,p47
- Texas Int'l to inaugurate Dallas-Houston service 8/25,p29
- Continental furloughs employes, restructuring system 9/1,p57
- CAB to select airline for U.S.-China service 9/1,p61
- American reentering Hawaii market 9/1,p66
- Alaska Airlines cuts expansion plans 9/1,p71
- United boosts service 9/1,p73
- British plan October London-Texas service 9/1,p73
- Transportation Dept. reviews market barriers 9/15,p28
- Texas Air confirms plan for East Coast service 9/15,p31
- TWA Pittsburgh-London rights urged 9/15,p36
- Western to begin London service 9/22,p31
- U.S., Japan agree on bilateral 9/29,p37
- Midway buys aircraft for new service 10/6,p34
- British select routes under Bermuda pact 10/20,p35
- Britain, Canada sign service pact 10/20,p38
- Pan Am urged for Miami/Tampa-Mexico City 10/20,p56
- Laker denied blanket license to serve Europe 10/27,p26
- Northwest growth plans include Florida, California 10/27,p28
- Pan Am picked for China route 10/27,p31
- CAB recommends new London authority 11/3,p49
- U.S. flag share of international market 11/3,p108
- Continental inaugurates new service 11/10,p28
- Eastern reduces transcontinental service 11/17,p30

AIRLINE SHORT HAULS AND COMMUTERS

- Evergreen seeks larger transport role 7/7,p34
- Commuters option competing aircraft 7/21,p35
- Air Florida growth linked to Europe 8/18,p47
- National commuter slots called inadequate 8/25,p27
- Safety Board urges FAA to change commuter rules 9/1,p74
- Initial orders recorded for commuter aircraft 9/8,p28
- Study boosts commuter hub proposal 9/8,p33
- Italy, France weigh commuter development 9/15,p22
- Operators assess new Part 125 rules 10/13,p33
- Helicopter shuttle 10/13,p33
- September local traffic gains 10/20,p34
- Regionals gain healthy market share 11/3,p89
- Commuters move into small markets 11/3,p97
- Manufacturers design new commuters 11/3,p105
- Europeans push commuter aircraft 11/3,p143
- Big growth seen in commuter control 11/3,p199
- Commuter regulation dropped 11/10,p25
- New commuter aircraft being readied 11/17,p28
- Designs aimed at 30% fuel savings 11/17,p29
- Commuter studies project fuel savings 12/1,p129

AIRLINE SHUTTLE SERVICE

- Eastern plans A300 transfer from New York-Boston shuttle 9/22,p29
- New shuttle backed 10/6,p33

AIRLINE STOCK

- British Airways stock offer delayed 10/20,p34
- Midway's public stock offering being scrutinized by investors 11/17,p30
- People Express plans purchases with proceeds from stock sale 11/24,p34

AIRLINE SUBSIDIES

- Frontier subsidy case 8/11,p41
- CAB moves to smooth subsidy programs 10/20,p37

AIRLINE TICKET PRACTICES

- Southwest sets ticket stock requirement 8/18,p49

AIRLINE TRAFFIC

- International market shares shifting 7/7,p27
- First half trunk traffic sags 7/14,p30
- West Coast carriers announce discounts as traffic decreases 7/21,p32
- Non-trunk traffic rises in June, sags in quarter 7/21,p43
- IATA expects traffic to increase at half last year's growth rate 7/28,p28
- Poor earnings, traffic dip pose economic dilemma 7/28,p29
- Recession and fare hikes depress July traffic 8/11,p30
- Commuter traffic increases 8/18,p42
- Airline passenger traffic seen doubling by 1994 9/1,p66
- U.S. flag market share cut 9/8,p32
- Trunk traffic sags in August 9/15,p28
- International marketing plans shift 9/29,p40
- September local traffic gains 10/20,p34
- Trunk traffic drops 13%, load factors also fall 10/20,p36
- IATA attacks traffic problems 11/3,p39
- Comparative growth in passenger carriers 11/3,p92
- Foreign carrier traffic shows gains 11/3,p111
- Los Angeles traffic increased 11/3,p112
- Airports face new set of challenges 11/3,p128
- Airlines report October traffic decline 11/10,p26
- Metering smooths airport traffic flow 11/17,p38
- Growth slackening in transpacific markets 12/1,p24
- Thanksgiving traffic slips to 1978 level 12/8,p28

AIRLINE TRAFFIC STATISTICS

- Airline traffic March 1980 7/7,p32
- Airline traffic April, 1980 7/14,p51
- Trunk traffic first half, 1980 7/21,p35
- Non-trunk traffic, second quarter 1980 7/21,p45
- Airline traffic June, 1980 9/8,p41
- August load factor for Western Airlines 9/29,p33
- Airline traffic July 1980 10/6,p41
- Regional airlines traffic Sept. 1980 10/20,p35
- Airline traffic August 1980 11/17,p43
- Airline traffic Sept. 1980 12/1,p36

AIRPORTS

Dulles (Washington)

- Aeroflot services 11/10,p32

General

- New request threatens slot allocation process 7/28,p22
- Airport fund delay draws opposition 8/18,p36
- Slot allocation clouded by new policy 8/25,p27
- Airport aid delay until 1981 expected 10/13,p36
- Deregulation spurs airport problems 11/3,p55
- Airports face new set of challenges 11/3,p128

Haneda (Tokyo)

- Japanese to begin new airport plan 11/3,p155

Hartsfield (Atlanta)

- New Atlanta airport begins operation 9/29,p35
- Atlanta opens new terminal complex 11/3,p125

Heathrow (London)

- Major airlines sue to recover landing fees 10/20,p56
- Heathrow delays 10/27,p28

Kabul

- Variety of Russian equipment deployed 8/18,p76

Workers file suit in Italy 7/14,p97
Rockwell settles out of court in suit involving HS.125 crash 8/25,p19
Court dismisses lawsuit; raises antitrust issues 9/15,p27
Bell wins judgement 10/6,p22
Top court upholds noise award 10/13,p28
Major airlines sue to recover Heathrow aircraft landing fees 10/20,p56

LIFE SUPPORT SYSTEMS

NASA seeks bids on distillation system 9/29,p58

LIGHTING SYSTEMS

Helicopter IFR approach aids sought 10/20,p38
Tritium light urged as refueling aid 11/10,p53

LIGHTNING

Lightning strike tests begin 7/21,p63

LOW ALTITUDE DEFENSE SYSTEMS

Low-altitude missile defense studied 9/29,p26

MAINTENANCE, OVERHAUL, REPAIR

Maintenance performed on French Jaguar fighters 9/1,p143
Seca facing difficulties in expansion 9/1,p183
Caledonian Airmotive plans expanded services 9/1,p189
Support facilities increase 9/1,p190
European engine repair bids sought 9/22,p19
Aging aircraft solutions seen 10/13,p26
Built-in test provisions gaining support 10/20,p123
Gould develops low-cost tightening tool 10/20,p126
Research into equipment malfunctions intensifies 10/27,p54

MANAGEMENT

United Technology forms new subsidiary 7/7,p44
United reorganizes divisional structure 7/14,p30
LearAvia reorganizes corporate structure 7/21,p22
Newark based-airline formed 7/21,p28
New president named at American 7/21,p31
VFW, Fokker analyze profits independently 7/21,p66
Vought sees missiles as area of growth 7/28,p67
Pan Am selling building 8/4,p30
Pan Am negotiates Falcon Jet divestiture 8/18,p28
German election key to defense issue 8/18,p89
Fokker forms new company 9/1,p154
Lucas prepares for production in New Jersey 9/1,p284
Flight Refueling's responsiveness helps it crack U.S. market 9/1,p286
Production capability termed limited 9/29,p69
Rockwell eyes bids for sale of division 9/29,p72
Comsat regroups statutory pursuits 10/13,p53
Paulson negotiates for Rockwell unit 10/20,p32
Missile attack warning consolidation urged 11/3,p33
General Electric/Snecma plan new plant in France 11/3,p218
Boeing expands plant to produce new 767 11/3,p219
Dudgeon named president of Hawaiian Airlines 11/17,p35
Garrett reorganization 11/17,p52
PSA acts to incorporate new carrier 12/1,p32
Howmet Turbine restructures operations 12/8,p57
Time cut spurs new design approach 12/8,p57

MANNED MANEUVERING UNIT

Decision near on shuttle maneuvering unit 7/28,p18
Backpack modified for tile repair use 8/18,p65

MANUFACTURING TECHNOLOGY

Boeing emphasizing innovation in 767 assembly 7/28,p24
Advanced machining processes, tooling planned 9/15,p54
GE develops prototype casting core 9/15,p54
Titanium powder process used to make fasteners 9/22,p132
Metallic composite coating yields gains 11/24,p58
Forging capacity can meet increased needs 11/24,p58

MARS

Mars Viking orbiter spacecraft will be shut down 7/21,p48

MATERIALS

Composite wind turbines gain favor 7/14,p81
Metal cut on prototype Sheriff light twin 9/1,p166
GE develops prototype casting core 9/15,p54
Industry tackles composites 9/15,p80
RPM developing a new engine 9/15,p87
Titanium powder process used to make fasteners 9/22,p132
Composite ailerons readied for L-1011s 10/13,p27
737 with composite stabilizer makes first flight 10/13,p37
New aluminum alloys to be tested 10/20,p83
Minerals emerge as issue 10/20,p115
Metallic composite coating yields gains 11/24,p58
Defense Science Board urges multiyear contracts 12/1,p130

MERGERS AND ACQUISITIONS

Group analyzes rescue failure 9/15,p61
Ariana Afghan operations jeopardized 9/22,p24
Report cites mission's lack of review 9/22,p140
U.S., Russian weapons vie in Iran/Iraq fighting 9/29,p27
Surveillance capabilities in Iran/Iraq conflict 9/29,p27
U.S., Soviet ships near war zone 9/29,p28
Iraq negotiating for Alpha Jets 9/29,p28
Review group's conclusions reported 9/29,p84
Irani/Iraqi air strikes appear at 'limited' level 10/6,p20
Aircraft loses in Iran/Iraq 10/6,p21
Reserves said to reduce impact of oil cutoff 10/6,p21
Iran uses Cobras, Mavericks 10/13,p24
Iranian F-4 blown apart by Iraqi fighters 10/13,p25
Iraq missile targeting indescriminate 10/20,p30
Iran/Iraq war developments 10/20,p31
French industry chosen to modernize Saudi navy 11/3,p33
Iranians seek CH-47Cs 11/24,p26
Iraqi tank guns stop missile helicopters 11/24,p66
C-5 deploys UH-60A to Egyptian exercises 12/1,p134

MILITARY EXERCISES

Rapid deployment tested in Red Flag exercises 7/28,p72
Military components assigned to task force 7/28,p76
NATO readiness to be tested 9/1,p50
C-5 deploys UH-60A to Egyptian exercises 12/1,p134

MISSILE SEEKERS

Air-to-air seeker debate hinges on utility in dark 11/17,p51

MISSILE WARNING SYSTEMS

Sensor key in system 9/29,p23

MISSILES-U.S.

ABM
Ballistic missile defense emphasis urged by Teller 10/13,p18
ALCM
ALCM test fails 7/28,p17
Defense chief visits two states 11/3,p34
Missile range extension studied 11/17,p46
ALCM crash delays program 12/8,p22
AMRAAM
NATO weapons family begun 8/25,p14
Air-to-air missile testing scheduled 12/1,p137
Copperhead
Copperhead slated for tests 8/25,p65
Cruise
Cruise missiles with laser radars studied 12/1,p141
GLCM
Cruise missile project delayed 10/20,p24
HARM
Technical problems delay HARM production 8/4,p25
Hellfire
Hellfire completes testing 8/18,p23
Hypervelocity
Vought sees missiles as area of growth 7/28,p67
Maverick
Iran begins to use Cobras, Mavericks 10/13,p24
Minuteman
Technology milestone met in missile defense testing 9/29,p25
MRASM
Warhead developed 9/1,p43
Medium-range missile tested on carrier 11/10,p16
MX
Democratic opponents plan convention try for anti-MX plank 7/7,p20
MX shroud contract awarded 7/14,p29
MX associate contractors listed 7/14,p70
MX impact statement delayed 7/21,p16
Sinai technology applied to MX 8/18,p24
MX scale model tested 8/18,p85
MX environmental impact statement delayed 9/22,p21
Low-altitude missile defense studied 9/29,p26
MX design changes aim at survivability 10/6,p27
Ballistic missile defense emphasis urged by Teller 10/13,p18
Laird urges boost in spending 10/13,p20
MX basing concepts weighed 10/27,p19
Soviets testing new generation of ICBMs 11/3,p28
MX impact statement expanded 11/17,p24
Renewable energy pushed for MX net 11/17,p45
MX basing statement focuses on Nevada, Utah 11/24,p27
MX launch tube weight to be reduced 11/24,p62
Martin Marietta awarded MX launcher contract 12/8,p21
Patriot
Brown approves limited Patriot production 9/22,p22
Pershing
Pershing 2 motor ground tested 7/14,p97
SIAM
Autonomous missile flight test 10/20,p113
Sidewinder
Air force research programs displayed at Farnborough 10/13,p59
Air-to-air seeker debate hinges on utility in dark 11/17,p51
T-22
Vought T-22 in simplified guidance test 10/13,p51
Tomahawk
Medium range missile tested on carrier 11/10,p16
Trident
British affirm decision to buy Trident SLBMs 7/21,p23
Development continues on Trident 1 8/25,p72
X-ray system inspects motors 8/25,p72
Trident C4 trainer developed 8/25,p77

MISSILES-INTERNATIONAL

China
Chinese assemble FB-1 booster from CSS-X-4 8/11,p18
Chinese develop series of missiles, satellite launchers 8/25,p16
France
French set to develop two tactical missiles 7/14,p28
French push strategic missile plan 7/28,p15
Shahine missile system shown during test launch 9/1,p239
Matra picked to develop portable missile 9/29,p25
French industry chosen to modernize Saudi navy 11/3,p33
Great Britain
Swiss Rapier buy proposed 7/7,p48
British affirm decision to buy Trident SLBMs 7/21,p23
British propose defense plan to USAF 11/24,p61
USSR
Backfire patrol carries AS-4s 7/14,p18
Soviet SALT violations feared 9/22,p14
Soviets testing new generation of ICBMs 11/3,p28
Soviet threat spurs air defense focus 11/10,p37

MISSILES-INTERNATIONAL-CONSORTIUM

Roland
Roland demonstration tests scheduled 8/18,p81
Tornado costs delay Roland 2 buy 10/20,p113
U.S. falters on commitments to NATO 11/10,p35

NATIONAL ACADEMY OF SCIENCES

Science academy voted role in NASA projects 12/1,p20

NAVIGATION AND GUIDANCE

Contract awarded on inertial system warranty 10/13,p16
Automation cuts business pilot work 10/13,p49

NOISE CONTROL

Top court upholds noise award 10/13,p28

NORTH ATLANTIC TREATY ORGANIZATION

Rapid deployment force contemplated by British 7/7,p18
NATO assesses Moscow nuclear talks 7/7,p20
U.S. spurring NATO standardization 7/14,p93
Efforts afoot to standardize NATO fuel 7/14,p93
NATO briefed on U.S. nuclear policy shift 8/18,p23
German election key to defense issue 8/18,p89
NATO weapons family begun 8/25,p14

- AWACS aircraft shown in NATO markings 8/25,p45
- NATO readiness to be tested 9/1,p50
- Doubt cast on NATO's 3% real growth defense goal 10/27,p22
- Greece moves toward return to NATO 10/27,p22
- U.S. falters on commitments to NATO 11/10,p35
- Stronger defense posture foreseen by Netherlands 11/17,p52
- NATO examines nuclear arms control 11/17,p53
- W. Germany pressed by U.S. to increase NATO contribution 11/17,p54
- NATO debated 3% defense boost 12/8,p14
- NATO nations face manpower problems 12/8,p58

NUCLEAR PROJECTS

- NATO assesses Moscow nuclear talks 7/7,p20
- Clandestine nuclear tests doubted 8/11,p67
- NATO briefed on U.S. nuclear policy shift 8/18,p23
- Split British Labor Party moves solidly to left 10/13,p22
- NATO examines nuclear arms control 11/17,p53

OBITS

- Walter R. Dornberger 7/7,p25
- Jacqueline Cochran 8/18,p29
- Rhys Price Probert 8/25,p22
- James S. McDonnell 9/1,p50
- Boris Petrov 9/1,p52
- Thomas A. Mutch 10/20,p33
- Alan B. Lemlein 10/27,p26
- Eric L. Beverley 11/3,p38
- Malcolm S. Harned 11/3,p38

PAYLOAD ASSIST MODULE

- PAM important in shuttle transition 11/17,p82

PERFORMANCE MANAGEMENT SYSTEM

- Airborne systems enhance fuel economy 11/17,p59
- Crews gain ATC response flexibility 11/24,p67

PILOT REPORTS

- Navy F/A-18 demonstrates dual-mission performance 8/11,p42
- Navy spin training heightens confidence, pilot safety 8/25,p38
- NASA shows QSRA 9/8,p44
- Challenger handling qualities assessed 9/22,p34
- Specific engineering goals sought in HS.748-2B 10/27,p36
- Range, speed balance mark Cheyenne 3 11/24,p47
- Workload for pilot reduced in SH-60B 12/1,p111

POWERPLANTS

Avco Lycoming

- Engine lag stalls AStar deliveries 11/10,p24

Garrett

- Garrett seeks exemption on ATF3-6 certification 7/21,p28
- ATF3-6 engine problem again delays HU-25A 9/15,p86
- Garrett considers options after denial of exemption 11/24,p26

General

- Turbine engine makers strive to deliver on surge of orders 9/29,p20
- Fighter engine reliability comparisons 10/6,p55
- Fuel efficiency factor spurs conversion to turbine power 10/13,p43

General Electric

- GE offers warranty 7/7,p22
- General Electric engines ordered for A310 8/25,p20
- General Dynamics defines cost of J79 powered F-16 8/25,p38
- Navy asks change in F404 9/1,p299
- Air force, GE near agreement on TF34 warranty 9/8,p50
- European engine repair bids sought 9/22,p19
- Navy, contractors study F-18 engine data 9/22,p23
- Soviets gain access to U.S. engine 9/22,p24
- Fuel efficiency key to engine gains 11/3,p157
- F-16/J79 makes first flight 11/10,p15
- F-18 program review sparks optimism 11/17,p21
- F-16/79 changes shown 11/24,p65
- J79 for F-16 offers extra thrust in afterburner 12/1,p124
- Changes to F404 engine urged 12/8,p24

General Electric/Snecma

- General Electric, Snecma plan new plant in France 11/3,p218
- United DC-8s retrofitted with CFM56s 10/27,p61

Japan/Rolls Royce

- Anglo-Japanese team to test engine 9/1,p157
- Mockup of RJ-500 at Farnborough 9/8,p26

Pratt & Whitney

- JT8D inspection ordered 7/21,p33
- F100 engines return to service 7/28,p13
- JT9D-7R3 prepared for flight tests 8/18,p31
- Int'l Support Systems leases CF6 9/1,p57
- JT9D for 767 flight tested on 747 10/13,p35
- Warranty signed on F100 turbine 10/27,p24
- Fuel efficiency key to engine gains 11/3,p157
- JT9D-7R4D on B-52E testbed 11/3,p158
- 747 tested with JT9D-7R4D 11/3,p218

Rolls-Royce

- Pegasus upgrade 7/21,p17
- Advanced Pegasus engine being developed 9/1,p278
- Rolls-Royce to develop more powerful RB.211-535 11/3,p42
- Fuel efficiency key to engine gains 11/3,p157
- Legislation to allow Rolls greater credit 12/1,p37

RPM

- RPM developing new family of engines 9/15,p87

PRINTERS

- American to install printers in cockpits 7/21,p56

PROJECTS

ACEE

- Industry tackles composite challenge 9/15,p80

ADAP

- Airport fund delay draws opposition 8/18,p36
- Airport aid delay until 1981 expected 10/13,p36

Aimval/Aceval

- Missile tests 11/17,p51

AWACS

- GAO questions sharing of NATO AWACS cost 7/7,p22
- Rapid deployment tested in Red Flag exercises 7/28,p72
- AWACS aircraft to fly at Farnborough 8/11,p28
- AWACS shown in NATO markings 8/25,p45
- AWACS in Arabia 10/6,p20
- Intelligence limited 10/13,p24
- Advanced versions of AWACS expected 11/10,p69
- Boeing defining AWACS improvements 11/10,p75

Backbreaker/OptionBreaker

- Cruise missile with laser radars studied 12/1,p141

Cameo

- New science satellite planned 8/18,p68

Clipper Bow

- Surveillance studies 11/10,p21

Cold Fire 80

- NATO readiness to be tested 9/1,p50

OASIS

- Computer system seen cutting costs 11/3,p193

Proud Phantom

- MAC deploys support for F-4s in Egypt 7/7,p16

Renewable Energy Systems

- Renewable energy pushed for MX net 11/17,p45

Sea Lite

- Navy scheduled laser lethality tests 8/4,p55

Viking

- Mars Viking orbiter spacecraft will be shut down 7/21,p48
- NASA considers private Viking aid 8/11,p26

Voyager

- JPL monitors Saturn data from Voyager 9/1,p47
- Voyager 1's final trajectory modification successful 10/20,p26
- Voyager photo shows new features in Saturnian rings 10/27,p23
- Saturn finds made in false color images 11/3,p30
- Soviet aid asked on Voyager interference 11/3,p32
- Saturn images raise new questions 11/10,p21
- Voyager 1 finds answers, new riddles 11/17,p16
- Rain in Spain perils Voyager data 11/17,p20
- Saturn science data continue to grow 11/24,p20
- Voyager 2 Uranus course recommended 12/1,p17

White Horse

- White Horse concentrates on neutral particle beam 8/4,p63

RADAR

- Krems facility supports advanced technology 7/14,p52
- Altair to enhance space surveillance 7/14,p59
- Multistatic mode raises radar accuracy 7/14,p62
- Rapid deployment tested in Red Flag exercises 7/28,p72
- TPS-43 radar improvements tested 8/18,p50
- Hughes develops integrated link 8/25,p69
- Aircraft intrudes detector developed by Racal 9/1,p215
- British contract spurs Dutch avionics industry 9/1,p262
- Tests of tail warning radar scheduled 9/29,p77
- Venus radar mission to be approved 11/10,p22

RAILROADS

- Test center contract awarded to Boeing 8/25,p48

RAPID DEPLOYMENT FORCE

- Rapid deployment capabilities defended 10/13,p53

RELIABILITY, MAINTAINABILITY, QUALITY ASSURANCE

- Military stresses maintainability, reliability 10/6,p42
- Managers see reliability push payoff 10/6,p44
- Defense directive puts new stress on reliability 10/6,p56
- Money, manpower called keys to progress 10/6,p60
- UH-60 shows reliability aim achievable 10/6,p65
- Centralized Navy program restores readiness of F-14 10/6,p67
- New system gauges mission capability 10/6,p67
- Congress awakening to reliability need 10/6,p69
- Fighter aircraft readiness indicators 10/6,p70
- Reliability emphasized earlier in design 10/6,p71
- New generation avionics add reliability 10/6,p76
- Research into equipment malfunctions intensifies 10/27,p54

RESEARCH AND DEVELOPMENT

- NASA presses fighter gains 10/27,p16
- Studies show lift coefficient tripling 12/1,p119
- Commuter studies project fuel savings 12/1,p129

ROBOTICS

- Vought doing NASA robot system study 10/13,p65

RULES, REGULATIONS, POLICIES, STANDARDS

- Safety board urges FAA to change commuter rules 9/1,p74
- Operators assess new Part 125 rules 10/13,p33
- Reliability standards often ineffective 10/13,p73
- Certification basis review draws industry opposition 11/3,p37
- Taxi rule proposal 11/3,p49
- Commuter regulations dropped 11/10,p25
- Eased registry rule aids U.S. carriers 11/10,p32

SAFETY

Accident Liability

- Saudi L-1011 fire negligence suit filed 10/27,p32

Accident Prevention

- FAA officials deny decrease in ATC computer reliability 7/7,p28
- FAA reviewing DC-9 Super 80 program 7/7,p29
- Italian traffic controllers protest 7/14,p33
- JT8D inspection ordered 7/21,p33
- NASA resumes wide-body vortex tests 7/28,p27
- Recheck of failed USAF Wing expected 8/4,p24
- Directive issued, Learjet tests planned 8/11,p29
- FAA proposes new pilot duty hour limits 8/18,p32
- Paint boosts fire resistance of slides 8/18,p42
- ALPA to consider DC-9 Super 80 protest 9/1,p55
- Southwest investigating three traffic incidents 9/1,p57
- Safety board urges FAA to change commuter rules 9/1,p74
- Fatigue data dissemination urged 9/8,p35
- F-4s restricted for ejection seat inspection 9/15,p23
- New service advisories issued for DC-10 10/6,p27
- New directive issued on Cessna tails 10/13,p22
- Six pilots fired for mishaps under probe 10/20,p41
- Gates, FAA improve Learjet pitch trim 11/10,p62
- FAA weighs cockpit visibility guidelines 11/17,p69
- FAA delays emergency light rule 12/1,p45

Accidents

- Tu-16 crash 7/7,p22
- HiMAT vehicle mishap 7/14,p24
- Soviets apologize 7/14,p29
- MiG-23 crashes 7/28,p18
- F-16 crashes investigated 8/4,p17
- Rockwell settles out of court in suit involving HS.125 crash 8/25,p19
- Aircraft burns on runway, 300 perish 8/25,p20
- F-18 crashed in England 9/15,p20
- AV-8C crashes 9/15,p25
- F-16 crash investigations spur engine recommendations 9/15,p86
- Crash probe, roll-rate check delay F/A-18 program review 10/6,p28
- Navy, industry study latest F-18 crash 11/24,p28
- Army investigates midair collision 12/1,p20
- ALPA seeks to reopen 1978 midair collision inquiry 12/1,p34

SAILPLANES

- Low-cost sailplane developed for tests 8/4,p38

SATELLITES-U.S.

Big Bird

- Big Bird launched June 18 7/7,p25
- Surveillance capabilities in Iran/Iraq conflict 9/29,p26

Communications

- Payloads to saturate launch capacity 8/18,p20
- NASA awards new communications contracts 9/1,p52
- DOD earth stations blocked 9/15,p26

Comsat

- Comsat to ask direct broadcast rights 12/8,p61

Direct Broadcast Satellite

- Broadcast satellites 11/10,p24
- Comsat to ask direct broadcast rights 12/8,p61

DMS

- USAF network down to one weather satellite 9/29,p66

FleetSatCom

- FleetSatCom in preflight test 8/18,p67
- Fourth FleetSatCom enroute to station 11/10,p20

Galileo

- Hughes selected for spacecraft development 11/24,p25

GEODSS

- GEODSS system in testing 9/22,p122

GEOS

- European space unit to get proposal on comet flyby 7/7,p38
- Hurricane Allen satellite photos shown 8/18,p26
- New satellite to sample data on weather by altitude 9/15,p24

HCMM

- Thermal data mapped for Iceland, New York 9/15,p52

Infrared Astronomy Satellite

- Space observatory costs increasing 9/29,p21

KH-11

- Surveillance capabilities in Iran/Iraq conflict 9/29,p27
- Space reconnaissance dwindles 10/6,p18

Landsat

- Two-step operational Landsat plan set 7/14,p108
- Landsat thematic mapper model in test 7/14,p117
- Outlook brightens for thematic mapper 9/29,p65
- Landsat returns image of San Francisco 10/6,p24

Navstar

- Navstar receiver set design reviewed 8/25,p63

NOAA

- NOSS design study contracts awarded 7/7,p25
- Tiros-N performance gains postpone replacement plan 7/21,p51

Reconnaissance

- Space reconnaissance dwindles 10/6,p18

SBS

- Upper stage motor fix delays first SBS launch 9/22,p20
- SBS 1 put into orbit Nov. 15 11/24,p28
- SBS satellite to become operational 12/1,p135

Seasat
U.S. Seasat system photographs Mayan Canals 9/1,p277
SME
Cost, flexibility solar program goals 10/20,p110
Solar Max
Solar Max assists in study of flare mechanisms 10/20,p28
Surveillance
Surveillance studies 11/10,p21
TDRSS
Hughes develops integrated link 8/25,p69
Tiros
Tiros-N performance gains postpone replacement plan 7/21,p51
Tiros changes considered 9/1,p49
Vela
Clandestine nuclear tests doubted 8/11,p67

SATELLITES-INTERNATIONAL

France
SPOT imaging instrument delivered 7/14,p109
India
India launches new satellite 7/28,p17
Sweden
Sweden moves ahead on research satellite 9/1,p49
Sweden plans 1984 satellite launch 10/20,p27
USSR
Vietnamese cosmonaut flies on Soyuz 7/28,p17
Soviets chide U.S. on shuttle delays 8/18,p22
Cosmos 1,209 launched 9/8,p31
Two maneuvers increase orbit of Salyut 6 slightly 9/22,p21
New Progress docks with Salyut 10/6,p19
Soviets to end longest Salyut visit 10/13,p17
Soviets launch Cosmos 1214, 1215, 1216 10/27,p16
Soviet aid asked on Voyager interference 11/3,p32
Soviets revise 1984 Venera plan 11/10,p18
Salyut refueling 11/24,p19

SATELLITES-INTERNATIONAL-CONSORTIUM

Giotto
ESA opts for own Halley's Comet flyby 7/14,p27
NASA Halley bid opposed, supported 10/20,p107
Intelsat
Intelsat initiates Intelsat 5 7/14,p28
Proposal request planned for Intelsat 6 8/18,p57
Intelsat being readied for November launch 10/27,p50
Intelsat unit endorses regional systems 11/10,p22
Marecs
Marecs leasing authorized 12/1,p23

SATURN

JPL monitors Saturn data from Voyager 9/1,p47
Voyager 1's final trajectory modification successful 10/20,p26
Voyager photo shows new features in Saturnian rings 10/27,p23
Saturn finds made in false color images 11/3,p30
Soviet aid asked on Voyager interference 11/3,p32
Saturn images raise new questions 11/10,p21
Voyager 1 finds answers, new riddles 11/17,p16
Saturn science data continue to grow 11/24,p20

SEARCH AND RESCUE

Technology upgrades search, rescue 7/7,p50

SECURITY PRACTICES

Antismuggling drive focuses on Florida 10/20,p119
Security techniques strengthened 11/3,p173

SEMICONDUCTORS

Reliability standards often ineffective 10/13,p73

SENSORS

Krems facility supports advanced technology 7/14,p52

SIMULATORS

Total simulation seen in training 9/8,p52
Lufthansa using new 747 flight simulator 11/3,p201
DC-10 flight simulator in use in Miami 11/3,p207

SOFTWARE

Research into equipment malfunctions intensifies 10/27,p54

SOLAR PROJECTS

Solar Max assists in study of flare mechanisms 10/20,p28
Cost, flexibility solar program goals 10/20,p110

SOUTHEAST ASIA

Lull in Vietnamese Thai invasion puzzling 7/7,p16

SOVIET UNION

Afghan invasion likened to 1968 action 7/14,p20
Soviets apologize 7/14,p29
Soviets build directed energy weapon 7/28,p47
DOD view on Soviet directed-energy weapon 8/4,p25
Soviets gain access to U.S. engine 9/22,p24
Ballistic missile defense emphasis urged by Teller 10/13,p18
Soviet threat spurs air defense focus 11/10,p37
Soviets to push qualitative advances 11/10,p53

SPACE COMMUNICATIONS

NASA awards new communications contracts 9/1,p52

SPACE FREEZER

Space freezer prototype developed 9/29,p65

SPACE PROCESSING AND MANUFACTURING

Developing materials processing systems 7/7,p42

SPACE SCIENCE

NASA seeks bids on distillation system 9/29,p58

SPACE SHUTTLE

Supplemental budget passage averts added shuttle slippage 7/7,p23
Shuttle tank awards 7/7,p25
Developing materials processing systems 7/7,p42
Space shuttle 'beanie' checked out 7/14,p112
Shuttle tank sections aligned 7/14,p113
NASA presses to hold shuttle schedule 7/21,p16
Decision near on shuttle maneuvering unit 7/28,p18
DOD shuttle mission schedule threatened 8/4,p20
NASA presses to hold tight shuttle schedule 8/4,p24
NASA tightens shuttle schedule again 8/11,p27
SR-71s to play role in shuttle reentry 8/11,p73
Payloads to saturate launch capacity 8/18,p20
Soviets chide U.S., on shuttle delays 8/18,p22
Backpack modified for tile repair use 8/18,p65
New science satellite planned 8/18,p68
In-orbit tile repair plans developed 8/25,p57
Shuttle engine, tile work proceeding on schedule 9/15,p26
New shuttle telescope in development 9/15,p41
Orbiting system would power shuttle payloads 9/15,p51
Space observatory costs increasing 9/29,p21
Shuttle launch ascent faces formidable challenges 9/29,p48
First shuttle crews in detailed training 9/29,p55
NASA seeks bids on distillation system 9/29,p58
Space freezer prototype developed 9/29,p65
NASA moves to meet customer complaints 10/20,p109
Shuttle engines 10/20,p110
Large space structure work advances 10/27,p49
Final shuttle engine tests set 10/27,p53
First IUS test-fired successfully 10/27,p60
Shuttle shifting to launch processing 11/10,p17
Engine shut[illegible]n 11/10,p19
PAM important in shuttle transition 11/17,p82
Centaur studied for shuttle use 12/1,p16
NASA finishes shuttle mating 12/1,p18
Mated shuttle begins tests 12/8,p23

Space Stations

SPACE STATIONS

NASA studies manned space station 8/4,p19

SPACE STRUCTURES

Large space structure work advances 10/27,p49

SPACE SUITS

Decision near on shuttle maneuvering unit 7/28,p17
Backpack modified for tile repair use 8/18,p65

SPACE TECHNOLOGY

U.S.
JPL tries to maintain momentum despite space mission fund cuts 8/4,p22
Public to be polled on space exploration 8/4,p22
US-Europe collaboration variable 9/1,p275
Prospects called good for more space funding 11/17,p25

SPACE TECHNOLOGY-INTERNATIONAL

France
French cosmonauts begin intensive Soviet training 9/29,p22
USSR
Vietnamese cosmonaut flies on Soyuz 7/28,p17
New Soyuz extends Salyut time limit 8/4,p23
Soyuz 37 launched at night 8/4,p23
Soyuz 37 redocking 8/11,p28
Soviets press toward lead in space industrialization 9/1,p48
Two maneuvers increase orbit of Salyut 6 slightly 9/22,p21
French cosmonauts begin intensive Soviet training 9/29,p22
Soyuz 38 return to earth planned 9/29,p24
New Progress docks with Salyut 10/6,p19
Soviets to end longest Salyut visit 10/13,p17
Popov, Ryumin readapt well after completion of Salyut flight 10/20,p26
Salyut refueling 11/24,p19
Cosmonauts launched to Salyut 6 12/8,p23

SPACE TELESCOPE

Critical space telescope 7/7,p43
New shuttle telescope in development 9/15,p41
Space observatory costs increasing 9/29,p21
NASA space telescope in development 11/10,p64

SPACE TOOLS AND INSTRUMENTS

SPOT imaging instrument delivered 7/14,p109
Space shuttle 'beanie' checked out 7/14,p112

SPACELAB

U.S.-Europe collaboration variable 9/1,p275
Spacelab long module has final check 9/22,p124

STABILIZERS

737 with new stabilizer makes first flight 10/13,p37

STOL, V/STOL

NASA testing aerodynamics of V/STOL 7/21,p17

STRATEGIC ARMS LIMITATION TALKS

Soviet SALT violations feared 9/22,p14
Brown urges SALT 2 ratification 10/27,p21
Kissinger urges reappraisal of SALT 2 provisions 11/3,p28

STRATEGIC PLANNING

Carter strategic policy under scrutiny 8/11,p21

STRIKES, BOYCOTTS, JOB ACTIONS

Workers file suit in Italy 7/14,p97
Contract engineer dismissal raises protest 8/25,p21
Belgian strike delays F100 engines for F-16 9/15,p25
FAA readies emergency plan in event of strike by PATCO 10/6,p34
Head of Canadian controllers disavows more job actions 10/6,p35
Canadian action increases U.S. ATC workload 10/6,p35
Other carriers fill gaps caused by PSA strike 10/6,p36
Canadian air traffic interrupted again 10/13,p34
Pilots urge removal of FAA administrator 10/27,p27
Republic agreement 10/27,p28
Reaction to FAA contingency plan cautious 11/17,p35
Lockheed union negotiations reach impasse 12/8,p31

TANKS

Sizable armored force deployed in Kabul 8/25,p54

TECHNICAL SURVEYS

Particle beams, laser weapons 7/28,p32
Particle beams, laser weapons 8/4,p44
Military stresses maintainability, reliability 10/6,p42

TELEOPERATOR MANEUVERING SYSTEM

Vought doing NASA robot system study 10/13,p65

TELESCOPES

Sensor key in missile warning system 9/29,p23
NASA constructs infrared image of Swan Nebula 12/8,p40

THEMATIC MAPPER

Outlook brightens for thematic mapper 9/29,p65

TOOLS

Gould develops low-cost tightening tool 10/20,p126

TORPEDOES

Sting Ray torpedo shown after launch from Nimrod 9/1,p205

TRACKING AND SCANNING

Krems facility supports advanced technology 7/14,p52
Altair to enhance space surveillance 7/14,p59
Multistatic mode raises radar accuracy 7/14,p62
Congress action jolts new IFF for U.S., NATO 8/18,p24
Sinai technology applied to MX 8/18,p24
Thermal data mapped for Iceland, New York 9/15,p52
Space observatory costs increasing 9/29,p21
Sensor key in missile warning system 9/29,p23
Technology milestone met in missile defense testing 9/29,p25
Surveillance capabilities in Iran/Iraq conflict 9/29,p27
Space reconnaissance dwindles 10/6,p18
Air Force research programs displayed at Farnborough 10/13,p59
Martin Marietta Lantirn award protested 10/27,p26
Surveillance studies 11/10,p21

TRAINERS

SAC companion trainer effort refined 7/14,p24
Aircraft proposed as Navy's trainer 7/21,p53
Navy spin training heightens confidence, pilot safety 8/25,p38
Navy awards VTXTS study contracts 9/1,p44
Lockheed pushes Alpha Jet as Navy trainer 9/8,p29
Total simulation seen in training 9/8,p52
First shuttle crew in detailed training 9/29,p55
USAF opens companion trainer proposal 10/6,p22

TREATIES, PACTS, AGREEMENTS, BILATERALS

NATO assesses Moscow nuclear talks 7/7,p20
Aerospatiale and China sign helicopters agreement 7/7,p24
Treaties impose uneven constraints 7/28,p66
Basing agreement reached 9/1,p48
CAB to select airline for U.S.-China service 9/1,p61
U.S., China continue bilateral talks 9/8,p33
Transportation Dept. reviews market barriers 9/15,p28
U.S., China initial bilateral 9/15,p29
U.S., China bilateral seeks reasonable balance 9/22,p26
U.S., Japan agree on bilateral 9/29,p37
British select routes under Bermuda pact 10/20,p35

Britain, Canada sign service pact 10/20,p38
Netherlands again pushes plurilateral air agreement 11/3,p49

UNITED STATES AIR FORCE

Recheck of failed USAF Wing expected 8/4,p24
NCO project chief 8/18,p24
Pauly sees need for Air Force upgrade 9/22,p125
Space operations support group formed 9/29,p48
USAF seeking furloughed pilots 10/20,p121

UNITED STATES ARMY

Army cites $2.1 billion fund shortfall 11/10,p35

UNITED STATES COAST GUARD

ATF3-6 engine problem again delays HU-25A 9/15,p86

UNITED STATES GOVERNMENT

Congress
Congress awakening to reliability need 10/6,p69
Senate unit boosts funds for defense 11/24,p19

Defense Dept.
Study funded by Senate of manned bomber need 7/7,p21
War reserve spares for C-5 underfunded 7/14,p27
Multipurpose bomber advances 8/4,p16
Defense benefits hike delayed by Congress 8/4,p16
Brown reiterates U.S. military stance 8/4,p18
Carter strategic policy under scrutiny 8/11,p21
Appropriations panel funds new bomber 8/11,p21
Conferees authorize defense $52.8 billion 8/11,p22
Service pleas spurned by DOD 9/15,p18
House unit votes $157.3 billion for fiscal 1981 9/15,p18
Military stresses maintainability, reliability 10/6,p42
Managers see reliability push payoff 10/6,p44
Defense directive puts new stress on reliability 10/6,p56
Money, manpower called keys to progress 10/6,p60
New system gauges mission capability 10/6,p67
Ballistic missile defense emphasis urged by Teller 10/13,p18
Laird urges boost in spending 10/13,p20
Rapid deployment capabilities defended 10/13,p53
Missile attack warning consolidation urged 11/3,p33
Defense chief visits two Western states 11/3,p34
Reagan details defense boost 11/10,p14
Moderate opposition 11/10,p14
Rancor erupts within transition team 11/17,p21
Tower sees 'modest' defense supplemental 11/17,p23
Regan to accelerate acquisition 11/24,p16
Slay urges increased multiyear contracting 11/24,p18
Senate unit boosts funds for defense 11/24,p19
Defense Science Board urges multiyear contracts 12/1,p130
Perry hits past inflation planning 12/8,p20
Industry, DOD assess omission of transistor testing 12/8,p25

Energy Dept.
Probers urge Energy Dept. overhaul 9/8,p65
U.S. Energy Dept. projects jet fuel prices 11/3,p216

Executive
Carter strategic policy under scrutiny 8/11,p21
Minerals emerge as campaign issue 10/20,p115
Survey finds little impact of election on aerospace 11/3,p34
Reagan details defense boost 11/10,p14
Moderate opposition 11/10,p14
Rancor erupts within transition team 11/17,p21
Tower sees 'modest' defense supplemental 11/17,p23
Regan to accelerate acquisition 11/24,p16
Science and technology policy team named 11/24,p16
Transition team rancor causes concern 11/24,p17
Human rights policy emphasis to shift 12/1,p21

Transportation Dept.
Transportation Dept. reviews market barriers 9/15,p28

UNITED STATES GOVERNMENT AGENCIES

Civil Aeronautics Board
Cohen confirmation clears Senate 8/4,p31
Election-spurred rigidity slows Smith confirmation 8/11,p32

Customs Service
Antismuggling drive focuses on Florida 10/20,p119

Federal Aviation Administration
FAA's engineering talent 7/7,p11
Bill to split FAA criticized 8/25,p29
Pilots urge removal of FAA administrator 10/27,p27
FAA chief says position on traffic misunderstood 10/27,p31

General Accounting Office
GAO questions sharing of NATO AWACS cost 7/7,p22
GAO calls for study of KC-135 reengining 10/27,p61

NASA
Supplemental budget passage averts added shuttle slippage 7/7,p23
JPL tries to maintain momentum despite space mission fund cuts 8/4,p22
Senate unit boosts NASA funds 9/1,p49
NASA termed underutilized 10/13,p16
Prospects called good for more space funding 11/17,p25
Science academy voted role in NASA projects 12/1,p20

Strategic Trade Office
New strategic trade office considered 10/20,p119

UNITED STATES MARINE CORPS

Marines stress modernization needs 8/25,p19
Marines near new helicopter program 11/24,p25
Marines press funding for air center 12/8,p49

URANUS

Voyager 2 Uranus course recommended 12/1,p17

VENUS

Venus radar mission to be approved 11/10,p22

VOICE DISTRIBUTION SYSTEM

Italians develop optical fiber voice/data distribution system 9/15,p74

VOLCANOES

Mt. St. Helens photographed at 60,000 feet 7/7,p19
Most recent eruptions draw large crowds 7/28,p19
Mount St. Helens spurs new scientific studies 8/18,p68
Mt. St. Helens viewed 10/20,p33

WAKE VORTEX

NASA resumes wide-body vortex tests 7/28,p27

WARRANTIES

Air Force, GE near agreement on TF34 warranty 9/8,p50
Principles adopted for USAF warranties 9/8,p51
Contract awarded on inertial system warranty 10/13,p16
Warranty signed on F100 turbine 10/27,p24

WEAPON SYSTEMS

Military stresses maintainability, reliability 10/6,p42
GBU-15 contract follows tests ordered by House-Senate unit 10/13,p68
Lantirn protest 11/10,p24

WIND TURBINES

Composite wind turbines gain favor 7/14,p81

WORD RECOGNITION SYSTEMS

Word recognition system cuts work in parts tracing 9/15,p74

X-RAYS

X-ray system inspects rocket motors on Trident 8/25,p72
